

Fall Week 1 9/9/18 Season Kickoff

As we start the 2018 Fall Season of Community Groups, this week we will be focusing on building community within our groups as we look forward to this new season of growing in our relationships with God and each other.

Getting to Know You

- 1.) When is the last time that you remember laughing really hard? What made you laugh so hard?
- 2.) What is one thing you would like the rest of the group to know about you that may help them get to know you or understand you better?
- 3.) Have you ever been in a community group before? What is your spiritual background?
- 4.) This one is personal to start the season. For you who are new to a group and would rather not share this out loud, just take a minute and write your answer. For others who would like to, please share with the group one thing that to you would make the whole season a success. What is that one thing you would like to walk away with this season?

Group

- 5.) What is a priority for you this season when it comes to your Community Group--spending time together in prayer, reading the Bible, doing a service project, hanging out and connecting with each other, or ____?
- 6.) If your group is a pre-existing group with some history, what is one thing that you think would make your group more impactful or successful if you did it differently this season?
- 7.) If your group is a pre-existing group with some history, what is something from previous seasons that you would definitely like to see continue this season? What makes you enjoy that element so much?
- 8.) What is one thing you would like to see your whole group do this season?

Application

- 9.) What do you think you will need to personally invest in this group to make it a great season and to get what you want out of the group?

For next week

With the start of this new season, we encourage you to make a habit of reading over the questions before your group meets. We have found when group members review that week's questions before the meeting, the conversations are significantly better. The questions can be found on the church app and on the webpage as well as in the Sunday program.
