

Player Evaluation Reminder

Thank you for volunteering your time, energy, and dedication to coach with Schererville Soccer Club this season. We truly appreciate everything you have done for our players and families throughout the season.

As we begin preparing for next season, SSC is asking all Head Coaches to complete the player evaluation Google Forms for their teams. These evaluations are very important and help us make educated decisions regarding player development and placement moving forward.

Head coaches please consult with your assistant coaches to ensure evaluations are as accurate and thorough as possible. Please make educated assessments of each player based on their abilities and performance during games throughout the season.

- Please enter your name (coaches name)
- Enter every player's name on your roster, refer to Game Changer for spelling
- Fill out ratings for each player in the different aspects of soccer listed on the form
- Complete evaluations carefully and thoroughly for all players

Each Google Form is specific to a division. If you coach more than one division, please complete the appropriate forms for each division you coach.
