<November 6th, 2018>

"Draco" joined the Internal Affairs on November 6th, 2018. Before that he was a Gensec officer. "Draco" had many trial assignments during his first weeks with the job of an Agent. He passed them flawlessly. He continued to work as an Agent and contributed massively to the department. Before he joined the Internal Affairs, he worked inside the general security department for a little over two years. "Draco" was a respected member of the department, mostly due to his great military training and great social skills.

Agent "Draco" has just recently been reassigned to the rank of an Ambassador and has done excellently in the department of Internal Affairs, although his work is excellent. "Draco" has started to feel as if something is missing from his life. Months later "Draco" resigned from the department and began his journey in the Mobile task force Nu-7. MTF Nu-7 SGT "Draco" partaked in a raid against the enemy of the foundation, the insurgents that call themselves "Chaos Insurgency". During this raid he was well prepared to die in battle as his friends would as well. When they first breached the Field base of the Insurgency bullet hell rose. Explosions, bullets and death everywhere. "It was like a war" - Former Nu-7 CPL <REDACTED> described it. While his friends kept dying and dying he pushed forwards, until... ***INAUDIBLE**

"Invitation to the Mobile Task Force Omega-1" - The committee

"You would act as the left hand to the committee and finally serve the foundation with your life. What do you say?" - The committee

"I will accept the invitation, gladly." - "Draco"

<Site Director ###> I see now, that is his story. Are there any other files about him?

<Site Manager ###> Negative, ever since he joined that force, no documentation other than this has been made or left.

<Site Manager ###> All we know about him currently is that he is an Assistant working for the committee, we do not know if he is in the force anymore. I would be wary of him.

<Site Director ###> Ahh... Assistant i see? We must find more documentation of him before the verdict, this cannot be all that is left.

<Site Manager ###> From what I have heard, he is excellent. If you require more information about him then that is what we shall do, i will send them to get it.

<Site Director ###> Alright, we will see once they return.
