-BEGIN-

???: "Let me give an introduction to myself..."

???: "My name is **Kel**. I don't have too much special to say about myself, but if I were to describe myself, I'd probably say that I'm fun-loving and outgoing..."

Kel: "Though maybe that'd be bragging... I dunno, haha..."

Kel: "I guess some bad stuff has happened to me in the past, but things were looking a bit better for us recently..."

Kel: "Well... That was until **Basil** got kidnapped!"

.
. .
. .
. .

Bart: "Sir, I think you might be demented..."

Yellow: "OMG! You don't just say that to random strangers on the street!"

Oak: "Hmmm... Bart might have a point! Perhaps a wild Alakazam used confusion on me!"

Kid with silver hair: "...You are from the Kanto region in Japan, correct?"

Oak: "Yes, I'm from...."

Oak: "Ummm... What's the name again...?"

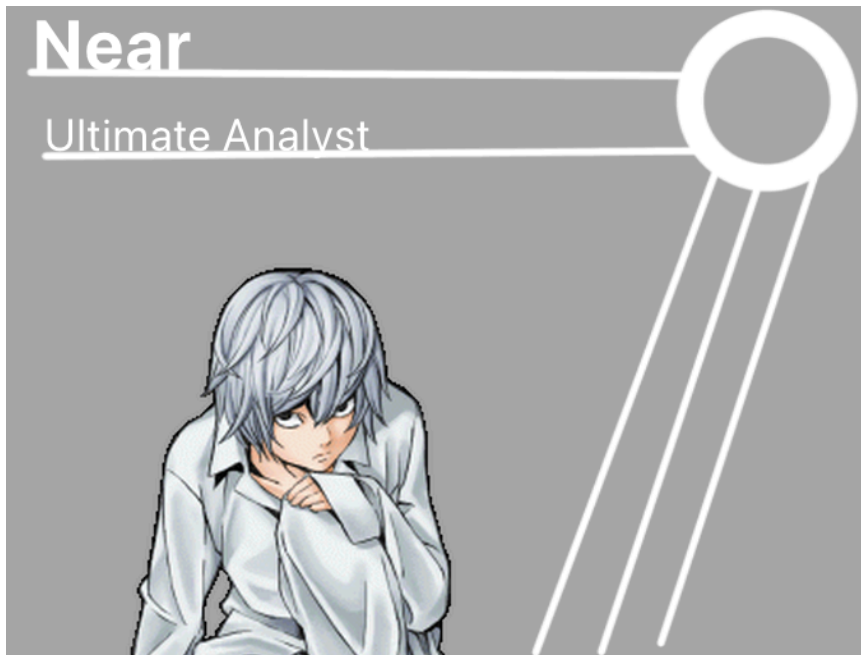

Oak: "Pallet Town! Yes! Pallet Town!"

Kid with silver hair: "I've never heard of it, but thank you for letting me know. I am unaware of what a Pokémon is, though I'm working on a case that also applies to the Kanto Region."

Oak: "Oh my, that sounds interesting... Is it to do with a Pokémon?"

Kid with silver hair: "I do not believe so, unless **Kira** has more things up his sleeve."

Kid with silver hair: "I am **Near, Ultimate Analyst** and an investigator of the **Kira case**, which is also the reason I'm here. Monomi had told me that **one of the investigators** had been trapped in this killing game."

Near: "As he is an important part of the investigation, I need him out of that game as soon as possible to not postpone the investigation any further."

Oak: "Ah... Right... That reminds me... I'm here to save the famous Pokémon Trainer, um... What was his name again...? He is a master at using all Pokémon: from the small and weak Magkarp to the mighty Dragonite!"

Oak: "Oh, I remember! His name is **Red**! It was almost like I was a Slowbro using Amnesia just there!"

Yellow: "Whoa! I'm here to save someone called **Red** too! I don't think he's a "Pokémon Trainer", though..."

Firey: "We're really gonna struggle to understand each other... I mean... What the heck is a Pokémon?!"

Monomi: "Wha-wha-wha? But we still have one thing that lets us all understand each other! Something that brings us all together!"

Mr Krabs: "Monnnneeeeyyyy!"

Monomi: "I meant friendship! Putting money over friends is a big-no-no!"

Wario: "Wahahah! You're right! Friends can make you lotsa' money after all!"

Mr Krabs: "But money can make you lotsa' friends too! Argargargargh!"

Kel: "Uhhh.... Sure buddy..."

Bart: "Hey, it looks like two people still haven't introduced themselves..."

Long Nose Man: "Hmmp..."

Long Nose Man: "Just call me **Villager**, I'm not engaging in this **Ultimate Talent Nonsense...**"

Villager: "Let me make this clear though..."

Villager: "I'm not here to free someone, but to arrest them..."

Kel: "You wanna take someone outta the killing game to arrest them..? That's weird..."

PAPYRUS: "ARE YOU A MEMBER OF THE ROYAL GUARD, PERHAPS?"

Villager: "No... I'm more of a detective... I fight in the name of justice."

Near: "...Do you have any connection to the Kira case, perhaps?"

Villager: "No, the individual I wish to arrest is someone else. A murderer, and an arsonist..."

Near: "I see..."

PAPYRUS: "THERE'S A MURDERER AMONGST THE PARTICIPANTS?! OH NO! I HOPE THEY'RE A FRIENDLY MURDERER!"

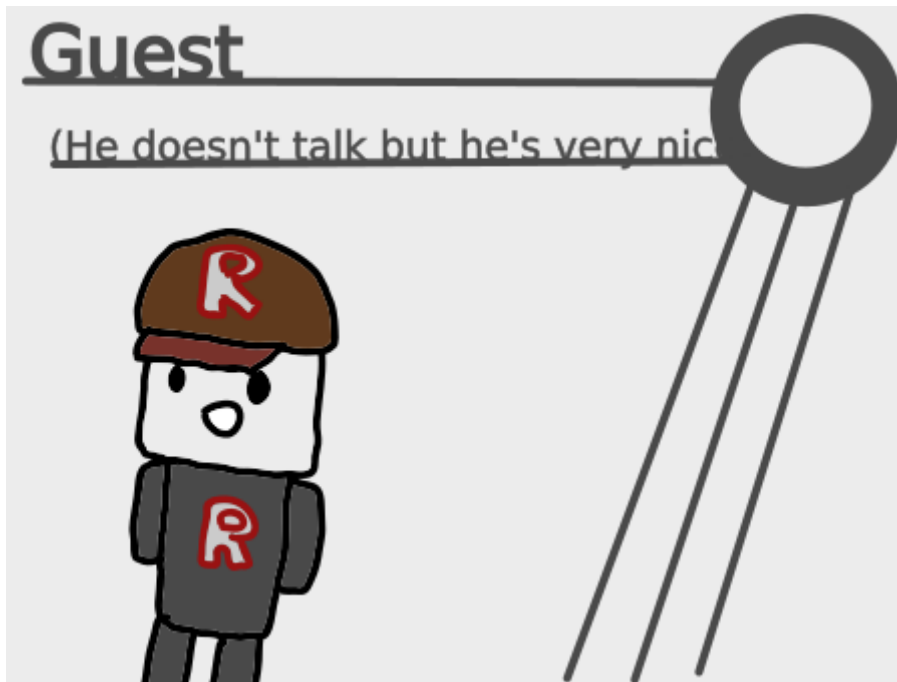

PAPYRUS: "..."

PAPYRUS: "OTHERWISE, SANS IS DEFINITELY IN DANGER AND NEEDS MY HELP..."

Bart: "Hey, there's one other guy who hasn't talked yet..."

White Cap Boy: "..."

Monomi: "Oh! That's **Guest! He doesn't talk, but he's very nice!** I'm sure of it!"

Firey: "And how can you be sure?"

Monomi: "Well, he hasn't said anything mean to me yet..."

PAPYRUS: "SOUNDS LIKE PERFECTLY GOOD EVIDENCE TO ME!"

Kel: "So... Uh... We should probably talk about where we are... Right...?"

Near: "This seems to be a regular office, but..."

Villager: "Hmph... It has all these disgusting shades of pink..."

Wario: "Bah?! What kind of office is-a this..?"

Monomi: "Hey hey! This is Monomi HQ! I built it all myself and I couldn't be prouder!"

Yellow: "Well, it looks kinda ugly.... Maybe you should use a bit of yellow and then it'll be ✨ Sparkling ✨!"

Monomi: "Yeah! That's a good idea! Maybe I should!"

Mr Krabs: "If you're gonna make it yellow, ya' better not use gold! That money belongs to me!"

Firey: "Can you say something that's not to do with money...?"

Mr Krabs: "I dunno! Argargargarg! I haven't tried yet!"

PAPYRUS: "SO MONOMI...? WE'RE GONNA NEED TO COME UP WITH A GRAND PLAN, RIGHT?"

PAPYRUS: "HAVE YOU GOT ANY IDEAS OF HOW WE CAN FREE OUR FRIENDS?"

Monomi: "No, but that's what the Monomi HQ is for!"

Stalin: "So. All we need is a plan, correct?"

Stalin: "If so.... I suggest that I should be the **SUPREME LEADER** of this rescue team!"

Kel: "Uhhhh... You're Stalin, right...? I dunno if that's a good idea..."

Bart: "Yeah! Eat my shorts, Stalin! We don't need a leader!"

Bart: "We're rebels, right?!"

Stalin: "Indeed. Rebels marching for a noble cause!"

Oak: "Now, now.... Perhaps we should be more sophisticated about this..."

Wario: "Yeah! Letsa' getta' buncha' machine guns and blow up the killing game!"

Bart: "Now, that's more my style, heheh..."

PAPYRUS: "BUT... WHERE WOULD WE GET A LOAD OF WEAPONS??"

PAPYRUS: "BESIDES.... I WAS THINKING OF SOMETHING MUCH MORE HEROIC..."

PAPYRUS: "IMAGINE THE GREAT PAPYRUS IN HIS HEROIC CAPE AND SWORD, RESCUING THE KILLING GAME PARTICIPANTS WITH HIS HEROIC SLASHES!"

PAPYRUS: "SLOWLY HE CORNERS THE VILLAINOUS MONOKUMA AND STRANGLES HIM WITH PASTA!"

PAPYRUS: "FINALLY.... HE SAVES HIS BROTHER SANS, WHO IS FOREVER IN HIS DEBT. HE THANKS HIM AND FINALLY DECIDES TO STOP BEING A LAZY BONES!"

Yellow: "Jeez! Stop with the roleplay! It's getting kinda cringe!"

Monomi: "So... If you guys wanna get some weapons... Please check out the Monomi warehouse!"

Monomi: "There's loads of fun stuff in there! But there isn't anything for killing... Because killing is a big no-no!"

Villager: "So... There isn't anything that could kill someone..."

Monomi: "No! Because killing is bad and wrong and-"

Villager: "We get it..."

Villager: "Still... It is pathetic.... How can we threaten Monokuma without weaponry..?"

Near: "We'll just have to find another way around, then."

Monomi: "Yes! Something with noooo violence, it sounds perfect! Anyway, check out the warehouse for anything of interest!"

Kel: "Wait... Before we go... I just wanna ask something..."

Kel: "Where even are we?"

Monomi: "We're on a place called **Island #6! Monomi Island!** I chose it because it's close to the location of the killing game! And also because it has my name in it!"

Stalin: "What a lacking name. I would rather call it "Monomigrad". Have you got any Gulags here? Any workers to do work for you? You are quite an advanced American robot after all..."

Monomi: "No no no! The rescue operation will just be the twelve of us!"

Guest: "..."

Monomi: "But doooooon't worry! I'm sure you'll find something really cool in the warehouse!"

Kel: ("I hope we will... This rescue operation is looking kind of tough... Hopefully everyone will make it out okay...")

Notes:

That's all for now! I hope you enjoyed seeing the rescue team! Any thoughts on them?
(Kevin's notes: Hi Near (♪°□°♪)♡♡♡! Anywho, I'll actually draw Near's intro card later in the future idk i'm quite lazy)

(Ps. I'm making this into an actual fic and not just replacing some sentences and names so uh. Here's the summary)

Summary:

"I am Near."

The boy started, he was sitting down whilst twirling his silver hair around his finger with an unreadable expression. He was seemingly holding a pack of... something, KEL figured.

"Ultimate Analyst and an investigator of the Kira case, which is the reason I'm here."

Quite a lot of things could happen within the span of a year, I wonder what'll happen if our beloved (or, beloathed) Light was just a year older in his timeline... Maybe Monomi would send out someone else to "rescue" him..

(And for some thoughts,, hm... while it could be simplified to "D:UMT! But Near Is In It", it's more like "What if Light was 23 instead of 22" because MAN 2013 (or 2010 in the manga) was a wild year for him)
