1. Payment & Policy

- All payments are donated to a Palestinian GoFundMe unless I specify that a commission is for my personal profit (in this case, it will be posted separately).
 1. Payment option 1: Donate to <https://gofund.me/dcc0c9c1> and send me a screenshot of the donation confirmation email. Example:

2. Payment option 2: If you can't directly donate to the GFM due to technical reasons, you can send the payment to my Paypal, and then I will send you a proof of donation. **Payment via Paypal can result in a transaction fee of up to 5% and can take up to a week until the donation is made.** Therefore, it's not recommended unless it's really necessary.

- This is a fundraiser project. I can't undo the donations, so there will be **no refunds**.
- **Cans** and **Can'ts**:
 - **Can**: human, humanoid, backgrounds, muscular characters, OC, fan art, ship art, mild gore/horror/sexual content
 - **Can't**: NSFW, gore, complicated mecha, fetish art, and other problematic content (e.g. incest, pedophilia, discrimination)
- I am a part time artist and a full time university student with no profit. There may be delays, but if I already confirmed your payment or you are on my waitlist, then I will definitely get your commission done. Please have patience with me!
- **Please never use my art to train AI**. I always upload a glazed version of my art on my social media. Let me know if you want me to glaze the commission for you.
 - The glaze I use: <https://glaze.cs.uchicago.edu/>
- The commissions are for personal use or streaming use only. If you plan to use the artwork for merch or services, you need to pay a license fee. You can message me on my social media or send me an email for inquiries.
- Regardless of the purpose, **the copyright of the commission belongs to me (Dizim)**. Do not sell the original nor altered versions of my commissions to a third party without my permission.

4. Character Design (Reference Sheet, NOT MODEL ART!)

Status: **Closed**

Pricing Strategy

The price of a character reference sheet depends on the number and rendering style of the “illustrations” it has. The final price is [illustration price] + [design price]. Please refer to the price list and examples below.

Tip: customize your reference sheet based on your needs to reduce expenses. For example, if you plan to only use the reference sheet as a blueprint for your Vtuber model, go for flat color or colored sketch. If you don't have much going on in the back, just get a front view.

Half-body: \$55
Full-body: \$70

Simple Render

Bust: \$50
Half-body: \$75
Full-body: \$100
