

Blue Patch brings sustainable 'Homes with a Heart' to the London Design Fair 2023

Blue Patch, the UK's sustainable business community, are delighted to present 'Homes with a Heart' at the [London Design Fair](#), 21-24 September 2023. Curated by stylist, writer and consultant Roddy Clarke, the 'Homes with a Heart' area will feature products for a sustainably styled home that demonstrates there is no compromise on aesthetics when opting for responsibly produced and manufactured furnishings for the home.

Jane Langley, CEO and Founder of Blue Patch said, *"We're on the crest of a very powerful green wave and we're excited to collaborate with Roddy as he's a great champion of sustainability and of brands with a story to tell."*

The beauty of traditional crafts and small-batch, circular production lines will provide visitors with a glimpse into the individual stories behind the designs. Blue Patch members who will be showcasing their products include:

- Award-winning designer, master craftsman and woodsman, Angus Ross
- Eco-friendly paints from Edward Bulmer Natural Paint
- Judi Archer, textile designer who explores colour and form in her unique designs
- John Eadon Furniture
- Beuzeval Furniture
- Coldharbour Lights
- Denby Pottery

“Through sharing the passion and stories behind each product, and the conscious commitment of each designer, we can fill our homes with products which not only last a lifetime but allow us to feel connected to our spaces more than ever before. We can discover the craft behind each piece and can even meet the maker directly, transporting the narratives directly into our own interiors” says Roddy Clarke.

Blue Patch is a social enterprise that is 100% for the planet, providing its members with a **LET'S DO NET ZERO** training programme to enable them to audit and reduce their carbon emissions.

Annie Lindsell, Event Director of London Design Fair 2023 said *“We are so excited to be working with Blue Patch, and Roddy Clarke, to bring ‘Homes with a Heart’ to life at this year’s Fair. Visitors will be able to immerse themselves in a beautifully and sustainably designed home, featuring a selection of truly inspiring environmentally conscious creators.”*
