Privacy Policy

This policy will help you understand the following. Before use, please read carefully and fully understand the contents of the terms, especially the terms of exemption or limitation of liability. Restrictions and exemptions may be in bold form to remind you to pay attention.

We are well aware of the importance of personal information to you, and will do our best to protect your personal information safe and reliable. We are committed to maintaining your trust in us and abide by the following principles to protect your personal information: principle of consistent rights and responsibilities, principle of clear purpose, principle of choice and consent, principle of least enough, principle of ensuring security, principle of subject participation, principle of openness and transparency, etc. . At the same time, we promise that we will adopt corresponding security protection measures to protect your personal information in accordance with the mature security standards of the industry.

This policy will help you understand the following:

1. Definition
2. How we collect and use your personal information
3. How we use cookies and related technologies

4. How do we share, transfer and publicly disclose your personal information

5. How do we store your personal information

6. Your rights

7. Protection of minors

8. Third party liability statement

9. Revision and notice of this privacy policy

10. How to contact us

1. Definition

1.1. Personal information: refers to various information recorded electronically or in other ways that can identify the personal identity of a natural person alone or in combination with other information, including but not limited to the name, date of birth, ID number, personal biometric information, and address of the natural person Wait.

1.2. Personally sensitive information: refers to personal information that, once leaked, illegally provided or abused, may endanger the safety of personal and property, and easily lead to personal reputation, physical and mental health damage, or discriminatory treatment. For example, personal sensitive information includes ID number, personal biometric information, bank account number, communication content, health and physiological information, etc. For the personal sensitive information listed in this privacy policy, in order to make it easier for you to be alert when reading, we will use bold fonts, underlined or separately pointed out to remind you to pay attention.

1.3. Equipment: A device used to access the service, such as a tablet or smart phone.

1.4. Unique device identifier (exclusive ID or UUID): refers to a string of characters compiled into the device by the device manufacturer, which can be used to uniquely identify the corresponding device (such as the IMEI number of a mobile phone).

1.5. Cookie: It is a text file placed in the client (in your mobile phone or other smart terminal) by the website server when you browse the web, which can be used to improve your experience.

2. How we collect and use your personal information

We will only collect and use your personal information for the following purposes described in this policy:

2.1. Help you register as a user

To help you register as a user, complete the account creation so that we can provide you with registered user services. When you choose to use a third-party account (such as WeChat) to register and log in to the user account more conveniently, we will obtain the information indirectly Access and collect your expressly authorized personal information (WeChat nickname, avatar, ID) and bind your third-party account with your account. If you refuse to provide the above information of a third-party account, you cannot choose to register and log in using a third-party account. We promise the legitimacy of the source of third-party account channels for this type of personal information.

2.2. Display and push information for you

We may collect your information, including your device information, browsing information, and click information, and store this information as log information for remembering your identity, analyzing your use of our services, and optimizing advertising. You can refuse or manage the use of cookies or similar technologies through your browser settings. At the same time, we will also collect unique identification information (including IMEI, Androidid), and may collect your mobile phone model, system type, system version, network status, and device screen size to implement promotional activities and push information.

2.3. Carry out marketing activities

Various marketing activities will be launched in a timely manner based on operating conditions. When you choose to participate, you need to provide your name, contact address and contact information, bank account number or third-party payment account information based on the event situation. This information may contain sensitive personal information (including bank accounts or third-party payment accounts). If

you refuse to provide this information, we will not be able to pay you red envelopes or other rewards, but it will not affect your normal use of other functions.

2.4. Improve our products or services

In order to improve our content recommendation service, game difficulty design, and advertisement recommendation service, we may obtain other information from you, including your customer service feedback information, contact information provided to us, and equipment installation list. We will associate the above information , To form the user's personal information table. Please be aware that in the following situations, we do not need your authorization to collect and use personal information:

- (1) Related to national security and national defense security;
- (2) Related to public safety, public health, and major public interests;
- (3) Related to criminal investigation, prosecution, trial, and execution of judgments;
- (4) It is difficult to obtain the consent of the individual in order to protect the major legal rights and interests of the personal information subject or other individuals' declarations, property, etc.;
- (5) The personal information collected is disclosed to the public by the subject itself;
- (6) Your personal information is collected from legally publicly disclosed information, such as legal news reports, government information disclosure, etc.; but you explicitly refuse or handle the information that infringes your major interests;
- (7) Necessary for signing a contract according to your requirements;
- (8) Necessary for maintaining the safe and stable operation of the products or services provided, such as discovering and disposing of product or service failures;
- (9) Other circumstances stipulated by laws and regulations

Please note that information that alone or in combination with other information cannot identify you or establish contact with you is not personal information. If we combine information that alone cannot establish contact with any specific individual with other information to identify the personal identity of a natural person, or combine

it with personal information, such information will be treated as personal information during the combined use.

2.5. Business functions corresponding to the permissions we have obtained

We will only obtain the corresponding mobile phone permissions for the following purposes described in this policy. The following methods of obtaining permission include prompting you in the form of a pop-up box and authorizing it by you. The method of obtaining the same permission on different terminal devices may be different, and the specific method should be based on the actual method of the terminal device you use. Some mobile phone permissions are obtained by third-party SDKs. For details about third-party SDKs, please refer to Article 4.1 of this policy.

You can choose to close some or all of the permissions in the device settings, which may cause the corresponding business functions to be unachievable or fail to achieve the expected results.

3. How we use cookies and related technologies

3.1. Cookies and related technologies

Cookies and similar technologies are commonly used technologies on the Internet. When you use related services, we may use related technologies to send one or more cookies or anonymous identifiers to your device to collect and store information about your visit and use of this product. We promise that we will not use cookies for any purpose other than those described in this privacy policy. We use cookies and similar technologies to implement the following functions or services:

(1) Ensure the safe and efficient operation of products and services

We may set cookies or anonymous identifiers for authentication and security, so that we can confirm whether you log in to the service safely, or whether you have encountered embezzlement, fraud, or other illegal acts. These technologies will also help us improve the efficiency of our services and increase the speed of login and response.

(2) Help you get a more relaxed visit experience

Using this type of technology can help you save yourself from filling in your personal information repeatedly.

(3) Recommend, display, and push content or accounts that may be of interest to you

We may use cookies and similar technologies to understand your preferences and usage habits, and perform data analysis to improve products and services, recommend information or features that users are interested in, and optimize your advertising choices.

3.2. Clearing of Cookies

You can perform the corresponding data clearing operation in the browser setting function. If you clear it, you may not be able to use the services or corresponding functions provided by the company that rely on cookies because of these modifications.
