Summer Learning

<p>Think about all the ways that you will be a mathematician this summer! How will you use your math skills? Draw pictures or make a list of these things.</p>	<p>Set up a reading nook. Make it comfortable with pillows, blankets, and stuffed animals. Be sure to leave room for lots of books!</p>	<p>Today's number is 15. Show 15 in at least 3 different ways.</p>	<p>Complete 20 minutes of Lexia or independent reading today.</p>	<p>Collect 15 coins. Sort them into groups. Which group has the most? Which group has the least?</p>
<p>Read to your stuffed animal or doll today.</p>	<p>Play the number game "Guess my Number" using numbers between 20 & 30. Use the words more or less as clue words.</p>	<p>Think about your favorite story. Where do the characters live? Where does the action happen?</p>	<p>Hop on one foot for a minute. Count your hops. How many did you get? Try this again with the other foot. Which foot had more hops?</p>	<p>Find a book at home or on RAZ Kids. Read the story and tell an adult in your home about your favorite part.</p>
<p>Today's number is 23. Show 23 in at least 3 different ways.</p>	<p>Complete 20 minutes of Lexia or independent reading today.</p>	<p>Can you skip count (count by twos) to 100? 2, 4, 6,...</p>	<p>Find a non-fiction book at home or on RAZ Kids. Read the book and tell someone in your house something that you learned.</p>	<p>Play "Go Fish" with a deck of cards.</p>
<p>Draw a picture with interesting details. Tell a story about your picture. What's going on? What happened before? What will happen next?</p>	<p>Practice counting forward and backward between any two numbers under 100.</p>	<p>Reread a favorite story aloud. As you read, use a different voice for each character and the narrator.</p>	<p>Find as many circles, squares, triangles, spheres, cubes, and cylinders as you can in your bedroom. List the things you find and what shape they are.</p>	<p>Complete 20 minutes of Lexia or independent reading today.</p>
<p>Today's number is 30. Show 30 in at least three different ways.</p>	<p>Complete 20 minutes of Lexia or independent reading today.</p>	<p>A worm is 7 inches long. A caterpillar is 4 inches long. Which is longer? How much longer? Show your work.</p>	<p>Find a book at home or on RAZ Kids. Can you talk about what genre it is?</p>	<p>Sarah has 20 pieces of candy. Some are Twix & some are Skittles. What are the different combinations of candy that she may have?</p>

Entering Grade 2

August 2024

Summer Learning

Find a book at home or on RAZ Kids. Tell someone about the characters from the story.	Draw a picture to represent the number sentence $6 - 5 = 1$.	Tell a friend and family member about your favorite book character.	Play a game on TANG MATH , or play a math card game like WAR .	Complete 20 minutes of independent reading today.
Pick a two digit number. What is ten more, ten less, one more, and one less than your number?	Write as many words with long vowels that you can.	Count up to 100 by 5's.	Find a book at home or on RAZ Kids. Read the story and tell someone about your favorite part.	Today's number is 46. Show 46 in at least 3 different ways.
How many words can you make from the word SUMMER?	Draw as many shapes as you know with chalk outside. What shapes did you draw?	Complete 20 minutes of independent reading today.	17 flowers are in the vase. 8 are roses and the rest are daisies. How many daisies are in the vase? Show your answer.	Set up some of your favorite stuffed animals or dolls. Pretend you are the teacher & do a read aloud of your favorite book!
Play a board game that uses dice.	Find a book at home or on RAZ Kids to read today.	Show the ways to solve $20 - 10 = \underline{\quad}$ on a piece of paper.	Go outside and read a book or two under a tree on a blanket or beach towel.	Draw and write the time you got up and the time you will go to bed. Draw a clock to show each of these times.
