2. Describe a shopping trip where you came away with something unexpected.
3. Discuss the following statement:

*Every choice we make as a consumer leaves a trace, and we must always be thoughtful that our economic choices are consistent with our ideals.*

4. How do you decide what products to purchase and where to purchase them?
5. Do you get energy from shopping or feel drained when shopping? Why?
6. How are our shopping decisions important to our neighbourhood and community?
