New Report Cards

Modifications have been made in PowerSchool to improve access to and efficiency of Report Cards in our system. Report cards will no longer be delivered through eReport or PDF Report Cards beginning on Friday, January 5, 2024, when second-quarter grades will be posted.

In PowerSchool, you can log in under a parent or student account. Click on the Report Card tab on the left side of the screen under the Navigation Menu. You will also now be able to access and print report cards from past school years by clicking the tabs that are organized by school year at the top of the Report Card screen. Please note, it is best to print the report cards in landscape.

Should you have any issues accessing or printing the report cards once they are posted to PowerSchool on Friday, January 5, 2024, please submit a Help Ticket at
