@Jastley: I will say that I find myself repeating on some fascinations you've written like working for a shit boss or a 9-5 job, maybe try bending the way you write it but with the same meaning if that makes sense; like for "1) Are you afraid of working in a 9-5 job that you have no future in and having a horrendous boss for the rest of your life?" try putting in "Don't Get Stuck in a Dead-End 9-5 Job with a Terrible Boss for Life! Take Control of Your Future Today!" for e.g. and make a space between each fascination so it's easier to read 👍 keep at it G
