Hot air rises from the asphalt and thousands of cicadas chirp around this small apartment building fit for a college student in the middle of Tokyo.

## Interior Apartment – Day

Alice, a fashionable and bubbly college student lays over the side of a bed, legs swinging behind her, texting on her smartphone. Her skin glistens with sweat as she lays there in short shorts and a tank top.

Sayuri sits on the opposite end of the bed watching anime on TV. Her loose, nerdy t-shirt and shorts give her some relief, but unlike Alice's short hair, Sayuri has to tie her hair up into a ponytail and fan herself to keep from completely succumbing to the heat.

A leg swings in front of her and catches her eye, and she steals a quick glance at Alice's legs up to her butt. She lingers for a bit but quickly turns away and then back to the TV out of embarrassment and a tinge of guilt for looking at her friend that way.

**Alice**

(sigh) Momoka's busy too... At this rate, we're never gonna get outta here. So much for making every day of our summer count...

**Sayuri**

Haven't you gone out enough Alice? You've been going to mixers and clubs for the last four days in a row.

**Alice**

But it's so hot today! I wanna go to the beach! Or at least somewhere with AC...

**Sayuri**

I've got plenty of cold beer in the fridge, let's just order a pizza and chill out here.

**Alice**

(pouting) ...Fine, I'll order it...

Alice gets up from the sofa.

**Alice**

but in that case, lend me one of your t-shirts, this tank top's so sweaty...

Dazed by the heat and not quite paying attention to what she just said, Sayuri glances at Alice just in time to see her finish taking off her tank top. Her face begins to turn a deep crimson as she ogles Alice's lace bra and sexy figure. Alice looks up, but Sayuri quickly turns away in a panic.

**Alice**

(grinning) What's this?

(teasingly) Is there something that interesting about my bra? Did you want a closer look?

Alice playfully puts her hands on Sayuri's leg and leans forward, squeezing her chest into Sayuri's face. Sayuri, still nervously blushing, faces away but steals a barely noticeable glance.

**Sayuri**

C-cut it out!

Sayuri shoves Alice aside, pushing her back onto the bed. Not missing a beat, she lands in an alluring pose.

**Alice**

Ah! Please be... gentle with me Sayuri... (giggling)

Sayuri gets up from the sofa, heading to the fridge.

**Sayuri**

Yeah, yeah, have your fun, just don't be dressed like that when the delivery guy shows up. We're not in some cheap porno.

## Interior Apartment – Night

Now that the cicadas have quieted down, Alice and Sayuri sit on the floor watching a magical girl anime. Alice is now wearing one of Sayuri's loose t-shirts, and they're each holding beers with a pizza between them. A few beer cans sit in an ice bucket and a couple of empty cans and open bags of snacks litter the room.

**Sayuri**

(gulps down a beer) Man! That really hits the spot...

**Alice**

Well, when you're right, you're right. I really needed a break from partying. (sigh) How long has it been since we just kicked back and watched Pretty Rangers like this?

Alice leans towards Sayuri to get another slice of pizza. Sayuri's eyes linger on her supple cheeks and long eyelashes as she sits there tipsy.

**Sayuri**

It must've been before we started college, so what? three years ago?

(chuckles) I still remember the first time I saw you with a Rangers strap and wallpaper on your phone, I could hardly believe my eyes...

**Alice**

Hey, don't judge a book by its cover!

(teasingly) I can hardly believe that you've been looking at me with those dirty eyes of yours all these years...!

**Sayuri**

(pouting) I told you to cut it out, or do you want me to jump you?

**Alice**

(teasingly) Nooo! Help! I'm going to be violated!

A sadistic grin forms on Sayuri's face.

**Sayuri**

Maybe I really should have my way with you and teach you not to mess with me so much...

Sayuri Jumps on top of Alice and straddles her waist. Alice is surprised, but intrigued, and grins back. They lock eyes, and Sayuri comes in close for a kiss. She lingers for a second as they both get more and more in the mood. The sweat on their bodies are no longer annoying, but now kind of arousing.

Suddenly, Sayuri can't hold back any longer, and they share a long, deep kiss. She lifts Alice onto the bed, and as she lies there in a daze, Sayuri starts working her way down, and begins pulling off Alice's shorts and panties.

**Alice**

(breathless) Wow...

Sayuri starts going down on her and brings her to an orgasm.

**Alice**

(panting) ...wait, stop! I've already... (moan)

Sayuri continues unabated, and after a few more orgasms, she finally comes back up.

**Alice**

(panting) Holy shit...!

**Sayuri**

(grinning) You didn't think I was done, did you?

Sayuri grins sadistically as she takes off her own shorts and shirt, leaving only her bra. She straddles Alice, and they start tribbing. As they really start getting into it, Sayuri leans forward and stares into Alice's eyes. Alice stares back and then pulls her into a kiss. Alice continues to repeatedly climax, and just as she thinks she's about to break, Sayuri orgasms too. She falls off of Alice and lays besides her on the bed. As if it's the most natural thing in the world, they snuggle up to each other and fall asleep.

## Exterior Apartment – Morning

Thousands of cicadas start chirping once again, and the bright sun starts heating up the asphalt again for the rest of the day.

## Interior Apartment – Morning

Sayuri and Alice sit in their underwear and t-shirts at a table covered in hangover cures including umeboshi, miso soup, and energy drinks. Alice is out of it with a headache, and Sayuri isn't even touching her food, she's just completely terrified.

**Sayuri**

(hesitantly) ...S-so about last night... (looks down) I'm so-(rry)

**Alice**

(loud sigh) This is the one thing I can't stand about you Sayuri. You never go after what you really want.

Sayuri just stops, stunned.

**Alice**

I get that it's not easy for you. Heck, it's not easy for anybody, but when what you want's dangling right in front of your face, don't just push it away cuz you're afraid it'll go away when you reach out for it.

**Sayuri**

(hesitantly) Th-then Alice, what did you think about last night...?

**Alice**

Hmm... Honestly, I never thought about having sex with a girl before... I never thought it was gross or anything, but I definitely didn't think I'd enjoy it... Well, next time...

She leans forward and give Sayuri a peck on the cheek, leaving her blushing and flustered.

**Alice**

(teasingly) Take me out to dinner first~
