

Take Getdomains Global

Dear Getdomains,

I was searching Yelp for a domain company to use for my latest project, and I came across you!

I quickly checked out your social media profiles, and I like the fact that you've organized a bunch of online spotlight events. I'm sure your audience appreciates it a lot, I certainly did!

I noticed on your Facebook page that you haven't posted for a while and there aren't any fascinating posts that could bring new clients.

So I created a thumbnail to use in a Facebook post, that will instantly grab the readers' attention!

This is just one of my many ideas to improve your business, I can tell you more about them if you want!

Best regards,  
Martin
