

So you want a commission, GREAT!! It's easy! It could be a favorite person, pet or landscape.

1. I work with you to establish the scope of the project, location in your home, color, size, imagery and composition and then I do a preliminary black and white sketch. If you also want a color sketch let me know.

2. Once we establish the size and you make adjustments/approve the sketch it's time to make a deposit for half.

3. Process photos, videos and adjustments if needed.

4. Delivery is a separate payment. I would get you a shipping quote. If you are local to 3 hours I'm happy to deliver for free and to help you install the piece or give you the necessary instructions and hangers.

Pricing does not include shipping
