In Person Event | Verkada, DGI & HPE Host CITE Regional
@ **Santa Cruz COE** – Santa Cruz, CA | Oct 30th 2025

Step up Your Security Posturing

A K-12 Education Showcase for Cyber and Physical Security
Thursday, October 30, 2025 from 11AM to 1:30PM

Join us for a fun event featuring...

- Meet Industry leaders: DGI, Verkada, and HPE at their tables for literature, demos, and giveaways.
- Attend 30-minute presentations showcasing the latest in cyber and physical security.
- Enjoy delicious tacos

Don't miss out on this informative and engaging experience!

Verkada will showcase how physical security is enhancing school safety and will present the following key product lines.

- Unified Security: Video surveillance, access control, and environmental monitoring in the cloud.
- High Definition: Clear video quality.
- Local Storage: Easy access to footage.
- AI Insights: Enhanced protection.
- Remote Access: Unlock and lock down from anywhere.
- Real-time Monitoring & alerting: Tracks air quality, vape, temperature with video context.

[Register Now](#)

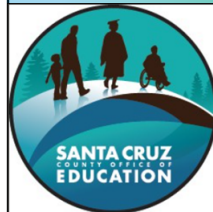

DGI will uncover the expert networking services they provide to support client goals.

- MIBS (Managed Internal Broadband Service): Monitors school network while managing, maintaining and securing the environment.
- System integration of software and hardware for data sharing including the latest innovation - video surveillance on school buses.

HPE will reveal the latest innovations in a zero-trust, AI-driven network environment.

- Advanced WLAN and wired solutions
- Wi-Fi 6E and 7 support
- GPS mapping for emergencies
- Gen 4 DCN switch features:
- Micro-segmentation
- Stateful firewall
- Aruba ClearPass for IoT device access control
- AI-powered Central management includes:
 - Intrusion Detection
 - Seamless reporting.

11:30 AM	• Presentation by Bull Wall regarding ransomware protection If you'd like to make contact with BullWall RC, please contact Ben at beng@bullwall.com or Isaac.buchanan@ricoh-usa.com From BEN: I wanted to provide the written answer relating to Liability that I mentioned. Please feel free to forward on to the gentleman who asked the question if you like. • Liability –We are aware that some security vendors are offering this more as a marketing gimmick, with so many disclaimers that it is not worth the paper it is written on. One example is that the warranty of up to \$ 1Million dollars is <u>only</u> for data encrypted on the infected endpoint devices, not on your data storage platform where all your business-critical data resides. Given the purpose of Ransomware is to go after the data in storage, not on the endpoint, it's difficult to claim. As you know, RC is looking after your data storage. Bullwall does not offer any such warranty. We have a liability insurance, and I can provide you with further details if required.

12:15 PM	CITE Updates - 2021 CITE Conference One of our most frequently asked questions is “Are you going virtual?” We will not be switching unless government guidance does not allow large events to be held. If that happens, we will pivot and hold as many sessions as possible online. Details around pricing and refunds would be determined at that point. We believe with our enhanced safety measures we can still see each other and connect safely. You can find updated measures in our Conference FAQ at the bottom of our conference website https://cite.org/page/2021Conference . These measures will mean there will be a line and delay to get into the event. Please plan accordingly to arrive early! If you have more questions, please email Laurel directly at laurel.nava@cite.org President's Reception & Poker We hope that you will join us on Tuesday, November 16th at 5:30pm for the President's Reception. There will be food, Jeopardy, Jenga, LED Pong, Skee-ball, Foosball, and more. We'll also have a live band and a dance floor if you're looking to cut up the rug! We're continuing our tradition of poker at the President's Reception. Poker is open to all educational and retired attendees and lessons will begin at 7pm that night. It is free to play and there are prizes for winners. If you're interested in playing Poker at the reception, please register here: https://na.eventscloud.com/ereg/index.php?eventid=637825& Conference Events & Activities

Silicon Valley Regional Group

	We've updated our website to showcase some new and traditional events and activities that will be happening at the conference! We'll still have our President's Reception and Poker Tournament, Student Showcase and more, but don't miss new events like Tuesday Lunch, IT Ninja Warrior, and our WIT Lunch, sponsored by Microsoft! Learn more and register/RSVP for events here - https://cite.org/page/2021conferenceevents WIT Lunch We're celebrating women in technology! This ticketed event allows attendees the opportunity to mingle and discuss ways that we are creating inclusive tech departments. We will have guest facilitator Paige Johnson, VP Education Marketing at Microsoft, along with a special appearance from Opening Keynote, Kate Biberdorf. Tickets are \$10 and available to anyone interested in attending. The Lunch is on Tuesday, November 16 at 12pm. Discounted Hotels Available Reserve your hotel using the CITE Group Rate today! We have discounted rates for the Hyatt Regency and Sheraton Grand Sacramento. To reserve your room, visit https://cite.org/2021conference, select the hotel of your choice, and the link will take you to a registration page that includes CITE's discounted rates. 11:00 AM	Welcome -- What's Keeping You Up At Night? Breakout Room. Be prepared to share out (1-minute max) nuggets from the breakout room- From members: Apple TVs, - Process for collecting ALL of the devices we have loaned out over the last year and prepping them for next year. Remember your Groups Numbers
11:30 AM	In Closing 2020-2021.... Graduations, promotions: Morgan Hill streams graduations (past 4 yrs), posts on website, streams via YouTube. Splitting graduations this year. New this year for Santa Clara using wirecast, a huge challenge to get the network out to varying areas. Extended year (summer school)? CUHSD is doing the largest summer school ever. Occurring at all 5 sites. PUSD is also offering the largest ever: 25% of population. Cambrian will have more students also, historically only for SPED. Will offer virtual program, math program, generic summer school type program. LGUSD largest ever also..... How are our IT Teams preparing for the end of this year? CTF Mobile Data End DATE 6/30/2021 What are we thinking about for next school year kickoff? More devices? Planning for deployments of Chromebooks. 1:1 beyond COVID, take home programs. Managing devices- We bought IncidentIQ for asset management just for that same reason! IncidentIQ reads and writes info from and into Google, so we don't have to worry about moving devices into appropriate OUs, it happens as soon as the device is checked out or in IncidentIQ. Powerschool is offering asset management now. https://www.goalexandria.com/ Many hands make less work. Parse out asset management to others. How are we using our stimulus funds? Replacing older projectors with newer ones that work better with open windows. TV's also being deployed to meet these needs. https://www.gofrontrow.com/products/juno-systems/ being

Silicon Valley Regional Group

	installed in classrooms. Parentsquare and other APP's for technology initiatives. Goal is to end up ahead with your infrastructure. Chromebooks being bought. Anyone going solar like LGUSD? Meter tool used for planning UPS, can also give you an idea of what you need with solar. What is missing in your toolkit? What PD do we need to create or locate for the team? Future planning for SVRG, what is needed? ERate update related to new funds. Best practices for ransomware mitigation. Prezo by one of our members on security. Data privacy by the Masters. New Google Admin settings for security.

Location: <https://meet.google.com/fyx-ihvk-ryo>

6:00-7:00pm	What's Keeping You Up At Night? Drop Resources here: (URL's, forms, guidelines) CITE SVRG Meet Chat on April 2, 2020 Online conferencing: Oak Grove School District: We have prompted Google Meet since we already have it and will continue to have it next year. With Zoom offering free stuff right now, we don't want teachers and staff to get used to it and then expect the district to buy it next school year. Thanks Amy for the Meet update: https://gsuiteupdates.googleblog.com/2020/03/hangouts-meet-edu-updates.html Here is Cupertino's distance learning resource page - been trying to curate and organize all the resources: https://sites.google.com/cusdk8.org/cusd-covid-19 I've also been curating all the free stuff for families on our supplemental online resources page (a lot more than I share with teachers!): https://www.cusdk8.org/Page/8773 (I did this in Google Data Studio, happy to share the Google spreadsheet if anyone wants) This is what Oak Grove's Educational Services Division put on the website: https://www.ogsd.net/apps/pages/index.jsp?uREC_ID=586928&type=d&pREC_ID=1862452. Unfortunately, we have no idea where they got this from and none of it is vetted. Today, they asked IT/Edtech to make it "prettier". Silicon Valley Regional Group

Prior Months:

Silicon Valley
Regional Group Meeting Agenda
September 26, 2019 - 10:30-1:30
Los Gatos Union School District

- 10:30 Welcome and Introductions/Roundtable
- 10:45 "Getting to know you" Activity
- 11:00 Your pain points share & resource sharing (See Below)
- 11:45 Networking Lunch
- 12:30 [CETPA Update](#)
- 12:40 SVRG Specific Items
 - Future SVRG Meeting Dates
 - November 12th, 10:30 AM (CETPA Conf, Anaheim)
 - January 30th (Campbell HS District office)
 - March 26th (Santa Cruz COE)
- 1:00 SVRG Hacks [Slide Deck](#) - <http://bit.ly/svrg hacks1>
- 1:20 Good of the order
- 1:30 Adjourn

Meeting Notes:

Pain points shared by you & resources to help lessen the pain:

Pain Point	Resources
Not enough time or funding...people that don't understand the details of tech support / ed tech and expect more than we can accomplish with the size of staff we have.	Resources on how to increase staffing. PR: tell our story, educate leadership, share data: what types of categories of issues & how to best share. Create a Tech Innovation leadership team to use others in LEA. Strategic engagements with VARs Re-examine internal processes with other SVRG members. Promote your work and needs with leadership - use data (number of tickets, time to close

Silicon Valley Regional Group

	tickets, etc) Centralized training, developing videos!!! Try remote access tools for quick support. https://remotedesktopmanager.com/ Schedule monthly meetings with each director/principal for check-in and tech advocacy
Student Safety	
Powerschool SIS	
Cybersecurity	CIS Controls (...Internet Security)https://www.cisecurity.org/ Cal-CSIC mailing list Share with staff/students: Cybersafety & You Student Online Safety Resources Sophos Endpoint Cloud - https://www.sophos.com/en-us/products/phish-threat.aspx KnowBe4.com - simulated phishing attacks - train your users Keenan Cybersecurity Training https://phishingquiz.withgoogle.com/ Do you have a pwd change policy? If yes, please share. Try Google PWD CheckUp & share with staff/students TAPD - online Data Security Class https://k12cybersecure.com/map/
DR	Critical Servers virtualized on Nutanix. Backed up nightly to another on prem VEEAM server (LGUSD)

Silicon Valley Regional Group

	Alameda County Office of Ed provides DR service/support: LGSUHSD Critical Servers virtualized on vmware dell servers. Backed up nightly to a synology at SCCOE (CUHSD)
Recoverability of systems after disaster/cybersecurity event	
Cyber/Network Security, 3rd Party Apps integrated with Clever, Industry Best Practices vs K12 Politics	
Class rostering in SIS timeline to provision accounts in systems (issue is that secretaries/principals create the class rosters the day before students arrive and then wonder why the systems are not working that first week - I am working on having the powers-that-be require that classes be rostered in June instead - what are the practices in other districts?)	Trying to use applications that can use Clever's rostering system. Use PowerQueries to auto SFTP rosters nightly to programs that accept SFTP rostering. Wrote custom queries and scripts to create rosters for more manual systems that can be generated with the touch of a button. (LGUSD)
EdTech Coaching: What is your plan for supporting teachers to transform learning/instruction?	Teacher leaders.... Tech Tlp Monday...
Everything!	

Future Meeting Topics/Training Needs:

Policy regarding student privacy
Student privacy and chrome extensions (CSPA?)
DR needs/planning
Cyber/Network Security
Policy regarding student privacy
G Suite Admin Best Practices
