Mrs. Ginger Wiltbank
Business & Finance Director

April 15, 2026

Dear SJUSD Community,

This morning, the City of St. Johns notified our district that water service will be temporarily shut off to portions of the community on Friday, April 17, 2026, in order to repair a valve connected to the ongoing construction on Main Street. The interruption is expected to last at least six hours.

Our schools will continue to operate on a normal schedule that day. We have taken steps to ensure that all essential services remain available for our students and staff. Each school will be equipped with portable restrooms and handwashing stations, and our food service team is already preparing to provide meals as usual.

We do ask that students bring a bottle of water for drinking on Friday. For those who may forget or are unable to bring one, we will have extra water bottles available at each campus. Aside from these adjustments, all other school activities and routines will proceed as normal.

Thank you for your understanding and cooperation as we work through this temporary inconvenience. If you have any questions, please don't hesitate to reach out to your child's school.

Kindest regards,

Kyle Patterson
Superintendent
St. Johns Unified School District
