

Brainwashed kitties

If you have the Mindwash Visor and have banged Erika you can get a false memory from doctor badger

VR Program

An item purchasable from dr. badger if you've banged Erika and have installed the Mindwash Visor.

If badger is in jail or is a bimbo it can be bought from Colenso

Price: 1600 credits

Item description.

A small data chip containing a a high strength subliminal induction program. You don't know what it exactly does. But you can be certain of only one thing: it's from Dr. Badger, so it's bound to fuck up someone's mind in some way.

Must be transferred to the Mindwash visor before use.

Using the VR Program chip

//Successfully using the chip will remove it from the PC's inventory

{Aboard ship and the Mindwash Visor is installed: You take the small data chip and pop it into your Mindwash Visor. It makes faint beep sound as it starts transferring

After a few minutes the transfer is complete, so you pop out the data chip and put away your codex. Hopefully, everything is up and running, but you're certainly not going to try it.

//Else: Trying to use the data chip now would be a waste of your time. You need to be aboard your ship and have the Mindwash Visor installed.}

[Visor]

In Erika's sex menu if you have had sex with her already once and have the Mindwash visor installed. Requires the pc to have genitalia.

//Tooltip: Get Erika to put on the Mindwash Visor. //Disabled: You need to get some kind of customized false memory to help you with what you're planning on doing.

//Additional menu flavor text: You got the Mindwash Visor prepped and ready. It shouldn't be too hard to get her to put it on.

//Repeated menu flavor test: Just one word will be enough to have her eating from the palm of your hand.

{First time: "Say, I have something I want to show you. You don't need your clothes for it," you tell her. Intrigued, she walks over to the cushioned chair.

She picks up the visor and looks it over, turning it around in her hands. "What exactly is this thing? I've seen some standard VR glasses but these look a bit different from those."

"Oh, it's just a new prototype model. I got it from a friend. It has some interactive porn on it." You take it from her and pretend to demonstrate it. "Now get comfortable and put the visor on while I grab some things to make this more fun." While she's not paying attention, you switch the visor on full power.

Her body tenses as she puts the visor on, and it starts working its magic, slowly breaking down her resistance. While you were preparing the visor, her puppy pecker softened, but with the mind-altering effects of the visor, she's hard as a rock and leaking pre steadily. "You like this, don't you?" you whisper into her ear, softly stroking her rock hard member. "Oh, why am I even asking? Your dick is speaking for itself."

You walk around her, softly trailing your fingertips along her skin. "Now, I suppose you want to know what I have in mind for you," you muse into her ear while groping her breasts from behind.

"Yesssh," she slurs, her mind dulled by the visor's hypnotic powers.

"I'm going to let this beauty work its magic until that silly little mind of yours is so far gone that I could tell you to walk around Mhen'ga naked and you'd do it without a second thought," you whisper slowly into her ear, "In fact, anything I tell you to do, you would do." Her breath shudders at the prospect of losing control. "I never imagined you to be this big of a slut." you chuckle while roughly pinching her nipples. "Now just relax and let all those silly little inhibitions fade away."

[Next]

You spend the next thirty minutes teasing and groping Erika, whispering dirty little things into her ear. Judging for her to be ready for the finale you take off the visor and stare into her eyes. Her pupils are dilated and she's gazing off into the distance. "Hey, focus!" You snap your fingers in front of her, causing her to focus again, but she doesn't say anything.

"Now let's see if it worked. Stand up." you order. She stands up. "Sit." She sits down. "It seems to be working... I wonder... Cum." The moment the word leaves your tongue she gasps and her body shudders, her cock twitches, and cum shoots from her canine cock. "Oh wow," you gasp as cum lands on your [pc.thighs]. "It works better than I imagined, but we're

not done yet. Now I want you to listen closely. After this is over you'll go back to your home like nothing happened, and you'll act normal until you hear someone say 'witenagemot'. Then, you'll go back into this trance and do anything you're told without question and like it. When you hear that same word again you'll wake up from the trance and go on like normal. You got all that?" She nods slowly. "Good. Now, witenagemot."

"Whoa, did that really happen?" she pants, biting her lower lip while idly wiping up a bit of cum from her dick and bringing it to her mouth.

"Yeah, it really did, not that you seemed to mind when you were getting your mind tinkered with."

{kind: "That's mean, Steele!" Pouting she bends over to gather her clothes.

"Don't be like that, you know you enjoyed it just as much," you say, giving her a knowing smile

/misch or hard:"You're an asshole, Steele," she huffs, picking up her clothes.

"I know, but you love it."}.

"Well, maybe," she mutters as she pulls her pants back on.

"Come on. Get going, you slut. I'll think of something to do with you later." You laugh heartily as she shudders at the idea and pitches a tent at the prospect. You slap her ass, sending her on her way. You have to admit that the Mindwash Visor certainly paid off, and make sure to dial it back down so you don't fuck yourself over.

Repeat: You bend down to whisper into her ear, "Witenagemot." You smile to yourself as her pupils dilate again, and she falls into a deep trance. "Now, what should I do with you?" you wonder out loud to no one in particular since Erika isn't exactly listening to what you're saying.

[Good kitty] [Amazon] [Disciple]}

[Good kitty]

//Requires the black leather leash sold by Inessa and genitalia

//Tooltip: Tell Erika to be your good kitty and take her for a walk.

You take hold of the leash before wrapping the business end around her neck, pulling her close to you. "You're going to be a good kitty for me, aren't you?" She lets out a little meow in confirmation. "That's a good kitty. Now let's get some air." You tug on the leash, ordering her to follow.

It's good to get some fresh air, especially when you have a sexy little kaithrit crawling behind you. Some people give you funny looks, but most people are staring at the two of you with lustful eyes. Seeing the crowd that you two managed to gather, you decide to give them a little show. You give Erika's leash another little tug, encouraging her to kneel next to you. You reach down to pet her, scratching her behind the ears. You notice that her dick is rock hard and bobbing in sync with your scratching. Grinning at her reaction you reach to scratch the back of her neck, making her moan. You move on to the base of her tail, making her dick drool pre-cum.

"Are you going to cum from getting petted like the good kitty you are?" you whisper into her ear while stroking her from the back of her head down to her tails. "Cum, my little kitty," you order her. Once again her canine member jerks while cum shoots from the tip, landing on the ground a few feet away. You notice camera flashes around you as people take pictures of your pet cumming her brains out from nothing but petting. You grin while wondering to yourself if she'll ever come across those images on the extranet. "Come now, kitty, we need to get going."

<i>Hopefully Burt doesn't mind pets</i> you think to yourself as you step inside Burt's Badass Meadhall. Thankfully he doesn't seem to mind your little kitty as you sit down in one of the empty seats in the bar. {If Syri is at the bar and pc is Syri's lover/fuckbuddy: You spot Syri at the bar. You decide to go and talk to her.

"What's up, {cutie/handsome}?" Syri asks as she spots you.

"Not much, just taking my pet out for a walk," you say while softly patting Erika's head, who lets out a happy little mowl as you gently touch her head. You spend a few minutes just idly chatting with Syri, but soon an idea crosses your mind. You could ask Syri if she'd want to get her knotty dog cock sucked by Erika, or not, it's up to you.

[Ask] [Nah]

[Ask]

//:After this scene just continue with the petplay scene

You lean in closer and whisper into Syri's ear, "Hey, Syri, you look like you need a warm wet hole to unload your balls into." She pitches a tent as she listens to you.

"Well if you're offering I'm not going to say no," She grins.

"That's not what I meant," you say, lifting Erika's leash, making your intention clear.

"I'm still not going to say no," Syri says, giving you a wink. Taking the leash from you and giving it a little tug, pulling your pet closer. "Come here, kitty."

Erika looks at you, unsure what she's supposed to do. An affirmative nod from you is all she needs as she sits down between Syri's legs; Nuzzling against the clothbound dog dick. "Does pussy want a treat?" Syri chuckles as Erika lets out an affirmative mewl; earning a approving grin from Syri as she pops her boner out, letting it hang in the open. "Get to it then," she growls playfully while slapping Erika's face softly with her meaty bone. Your pet opens her mouth, offering it up for Syri to slowly push inside. Which she does, burying her dick all the way until she's knot deep in her throat. Syri keeps herself there, letting her balls rest against Erika's chin. Soon enough she guides Erika's head off of her pecker before pulling her back onto it.

Syri starts out slowly but it doesn't last for long as the slow thrusting soon turns into a proper face fucking, rising in fervor with her surging lust. The air is filled with the sound of Erika gagging around Syri's doggy dick; the wet slapping of Syri's balls against Erika's chin following every struggling gag as Syri uses her throat. Syri moans and blindly gropes her breast as she repeatedly plunders the depth of Erika's mouth. You bite your lip, watch Syri pleasure herself with your pet's throat is almost too much... There's a part of you that wants to pleasure yourself, but you know that the wait will make your orgasm all the sweeter, so you curb your desire and stay your hands to enjoy the show.

Syri has moved onto pulling Erika against her crotch, both hands holding a clump of purple hair as she roughly forces her down on the knotted dick. Her chest is rising rapidly as her breathing quickens; Syri can't be too far from her orgasm. You shift yourself closer to Syri and pull her into a surprise kiss. She moans into your mouth; your tongues entangling and your hands groping her breasts. This pushes Syri over the edge, her knot swells as her balls start to pump cum forward into Erika's throat, which she swallows dutifully, not that she has a choice in the matter since unfortunately for her Syri managed to slip her knot in before it pumped into its full size.

"Never had a bone, kitty?" Syri teases Erika as she tries to get free of Syri's crotch. You reach down to pet Erika, making sure that she'll keep calm until Syri's knot has deflated.

Some time later Syri manages to pull her breeder's bulb out of Erika's mouth with a wet pop. Syri grins and stuffs her rapidly softening cock back into her pants. You blow Syri a kiss as you walk out of the bar with Erika in tow.

[Nah]

You decide not to, instead deigning to just chat with Syri about this and that. She does ask about your pet, but after you tell her the short version of what happened she drops it. You drink a couple of beers with Syri before you decide that you've spent enough time at the bar.

//Syri is not present: You really didn't have a plan when you walked into Burt's, so you decide to get a drink and watch TV for a bit. Unfortunately, it's currently running ads. You decide not to spend your time looking at the underpaid bimbos shaking their tits in an attempt to get you to buy something. You nurse your drink and talk to Burt. Your pet turns heads as you sit

there nursing your drink. Most people tell you that you have a pretty kitty, few people ask if they can pet her, and a few more confused patrons ask what you're doing.

Eventually, you decide to get going. You knock back the rest of your drink before standing up and leading Erika back outside into the warm air Mhen'ga.

You walk Erika back to your ship, not stopping to entertain random people this time, you're too horny to care about anything but your own release.

When you finally get to the privacy of your ship you hurriedly pull Erika into your bedroom. You sit down on your bed. "Come here kitten," you growl while yanking on the leash, pulling her face first into {if dick: your [pc.cock] //else: your [pc.pussy]}. "You want your treat right?"

Obediently Erika opens her mouth {if cock: and swallows your [pc.cock], slowly bobbing her head along its length //Else: and buries her tongue inside your [pc.pussy]}. You scratch her ear absentmindedly as she pleasures you. "Come on little pussycat, put some more effort into it," you admonish her. She makes an apologetic little sound before doubling her efforts.

{if cock: She takes hold of your [pc.hips] and pulls herself into your crotch, all the way to your [pc.sheath], making herself gag on your cock. You shudder as her throat convulses around your member. "No need to overdo it," you calm her down. She dials it back, instead focusing on your [pc.cockHead] while her hands stroke the rest of her length. "That's the spot," you moan. //Else: She pushes her fingers into your [pc.pussy] while licking your [pc.clit]. You shudder as she pinches your clit between her lips and her fingers curl into your g-spot without mercy. "Calm down," you grunt. She starts to lick your pussy lips slowly while gently rubbing your clit in between her fingers. "That's better," you sigh}

You reach to scratch the base of her tail with your toes. You didn't exactly expect her to purr, but she does. Void, it feels like {if cock: you're sheathed in a vibrating pussy. //Else: your pussy is stuffed with a vibrating dildo.} Since you're already so horny from the walkies earlier the sudden vibrations are enough to send you careening over the edge. Your {if dick: [pc.cum] surges down her throat and fills her stomach, giving her the cream filling she's working for. //if pussy: [pc.girlCum] coats her face and leaks down to her breasts as juices itself around her tongue.} "Fuck, didn't see that coming," you pant as Erika still licks at your {[pc.cock]/[pc.pussy]}. "Alright, you little pussy, that's enough, witenagemot."

Erika's eyes come back to focus and her face starts to blush. "Damn, that was intense." Erika shudders as conscious control returns to her.

You chuckle at her reaction. "Come on, get going you kitty slut," you tease her while rubbing her ears, prompting her to put her clothes back on. Before she can get out of the door you pull her close and give her a deep kiss, making her fawn as she walks out of the door.

[Amazon]

//Tooltip: Make Erika believe that she's an Amazon huntress who captured you and will pound your ass without mercy

"I should have known that challenging a strong amazon like you was a mistake." you sigh in mock distress. Your dramatic avowal is cut short by Erika pushing you down to your bed, wrestling your arms behind your back and tying them tightly with some rope from her toy box.

Man she works fast!

"Look at you, coming here and strutting your {if pc has a big ol butt: fat //Else: slutty} ass like you own the place." She punctuates her point by slapping said ass. "Time to break that illusion." Erika spreads your buttcheeks and spits right on your [pc.asshole]. Judging that to be enough lube, she places her tapered tip against your ass before ramming it in with the finesse of the Amazonian warrior she thinks she is. You gasp as she pulls back and starts to pound your behind. There is some moxie inside Erika after all. All it took was some brainwashing to bring it out and you'll be damned if you'll get rid of that moxie before you get to cum!

Erika doesn't care about your pleasure though, instead just hammering into your ass without mercy. Some of her frenzied thrusts cause her to slip out of your asshole and rub against your {if pussy: [pc.pussy] //Else: [pc.dick]}, causing delicious tingles of pleasure to run down your spine.

"Please, I want-" Your whimpering is cut short by a sharp slap on your [pc.ass].

"Do you think that what you want matters?" she growls in your ear, "I'm not here to please you, I'm here to teach you some humility." She cracks down on your ass again for good measure. You can't do much but whine and moan as Erika keeps repeatedly slapping your [pc.ass]. Your ass is going to be sore tomorrow, but that's a problem for future you. The present you is only concerned with getting to cum.

The pain of getting your ass spanked and your asshole pounded starts to warp to pleasure as your {if dick: dick starts to leak precum down to your sheets //if pussy: pussy starts to leak your juices down your thighs //if both: [pc.pussies] and [pc.cocks] start staining your sheets with mixed juices.} You try to form coherent sentences, to beg her to go faster but the only thing that manages to leave your lips are whorish moans.

Not satisfied with the angle of penetration Erika flips you around so that you're laying on your back with your legs on either side of your head and your ass above your head. She utilizes this new angle to drive her canine member inside you even harder than before. By now you're both racing towards your own orgasms, your {if cock: [pc.cock] is throbbing steadily and leaking droplets of pre onto your own face //if pussy: {if cock: and your} pussy is

weeping feminine juices like {if pc is really wet: a waterfall //Else: the slutty cunt that it is}}, and Erika's knot is steadily swelling.

Erika reaches orgasm first, her knot swells to its full size and her cum fills your ass. Despite her knot swelling to its full size she doesn't stop pounding your ass, instead, she slowly pushes her fully inflated knot into your [pc.ass] before pulling it out with a pop. She keeps knot fucking your ass through her orgasm, repeatedly stretching your pucker around the thick breeder's bulb.

Eventually, her orgasm tapers off and her knotfucking comes to a halt, but you didn't manage to cum. "Hey, I didn't cu-" Your protesting is cut off when Erika shoves a cold, hard, latex ball into your mouth and tightens it in place. You immediately recognize it as a ball gag.

"You still haven't learned your lesson? I guess I can keep teaching it to you." With that Erika rams her dick into your loose asshole once again. As you moan around the gag ball you realize...t you're in for one hell of a ride.

[Next]

You don't have any clue how much time has passed, probably a few hours. Erika has been fucking you almost nonstop, only halting her dominating buttfuck after filling your behind with more spunk. Thankfully, you manage to cum more than once from the repeated asspounding.

"I hope you've learned your lesson now, although I'll be happy to repeat it if you didn't." Erika chuckles while she unties your arms and takes your ball gag off.

"Wit- witenagemot," you manage to gasp when the ball gag leaves your mouth. The moment her brain registers your words she drops the gag ball as panic fills her body.

"I- I'm really sorry, I didn't- I mean- sorry," she whines, groveling at the foot of your bed.

You pull her up before giving her a hug, and a hearty squeeze of her butt. "If this is anyone's fault it's mine," you assure her, "but don't think this changes anything, you're still my kitten. Now get out of here before I decide to return the favor," you chuckle. Erika lets out a tiny 'eeep' before practically sprinting out of the door. You yawn and stretch your arms, wincing slightly as you shift your [pc.ass]. It's going to be sore for a while.

[Disciple]

//Requires that the pc has a tone of 50 and genitalia and if the pc has a dick requires said dick to fit into Erika's asshole

//Cock takes precedence over pussy

"Kneel, my disciple, and come to worship your {god/goddess}," you command. Obeying your word, Erika kneels and slowly crawls towards you. Before she can get any closer you present your foot to her, preventing her from coming any closer. "You can start from here and earn the privilege of touching the rest of me." Dutifully, she kisses the bottom of your [pc.foot], then {if pc has toes: seals her lips around your [pc.toes] and gently sucks on them before //if pc has hooves or smth: licking around the hard hoof and } trailing kisses up your ankle, licking her way up your [pc.thigh]. She zeroes on your {if dick: [pc.dick] //else: [pc.pussy]}, but before she can close enough you stop her. "Do you think you're done? I give you the honor of touching the whole of me, but you're only interested in this," You gesture your {dick/pussy}. She whines apologetically before ducking back down to kiss your other [pc.foot], meticulously working her way up then placing little kisses on the inside of your [pc.thigh] until she's up to your crotch again. This time she looks at you expectantly, awaiting permission to worship you in all your majesty.

You lie back, curling your finger, inviting her to come closer. She climbs onto the bed with you. Knowing what you want her to do she bends down to kiss your [pc.belly], thoroughly licking every inch of your abdomen. She licks her way to your [pc.chest], gently lavishing your [pc.nipples] before moving on to kissing your neck while stroking your shoulders and biceps.

Having had your fill of her fawning over your body you gently take a hold of her head and pull her into a kiss. When your lips touch she moans into your mouth, giving your tongue complete control over hers. You can feel her erection straining against your stomach as you dominate her mouth. But you're not here for her pleasure, so you break the kiss and gently push her down to your crotch. "You've done well, my servant, now for my blessing."

{if dick: Having gotten your permission, Erika swallows your [pc.cock] up to the [pc.sheath]. While Erika lovingly fellates you she still strokes and massages your thighs. There's a wet popping sound as your [pc.cockHead] escapes her lips. The moment your dick is no longer in the warm sleeve of her throat she starts kissing and sucking on the side of your prick while jerking its head.

//Else: Using two fingers Erika spreads your pussy open before diving in and eagerly licking at the inside of your [pc.pussy] like it contains nectar from the gods. Not wanting your [pc.clit] to miss out on all the action you grab her arm by the wrist and move her fingers to your clit, non-verbally commanding her to stimulate your clitty. She doesn't need any further encouragement as she starts to softly pinch and massage your clitoris.

You lie back and enjoy her ministrations for a moment before you grow tired of it so you push her away. When you do she looks at you, thinking that she did something wrong. You smile at her while {grabbing your [pc.cock]/spreading your [pc.pussy]}, "Come to me, disciple, you've earned something more." There's a glint of pure adoration in her eyes as she crawls back to the bed with you.

You sigh in pleasure as she {if dick: sits down on your dick. You lay your hands on her hips but choose to just hold on, for now, letting her bounce on your cock herself. "You should feel

honored for the privilege of having my cock inside you, not every disciple is worthy of having sex with a god." you grunt as her ass slaps against your crotch.

"Thank you, thank you for letting a lowly mortal like me have sex with you." she moans as your [pc.cock] repeatedly plunders her ass.

As she gets ready to spear herself on your cock again, you tighten your grip on her hips and pull her down before she has the chance to sit on it herself. You push out a gasping moan from her as you embed yourself into her asshole. You take a moment before starting to pound her ass with full force.

"Get ready to receive my holy gift." Is the only warning you give her before you hilt yourself inside. {if knot: Your bitch breaker swells inside her ass, locking your member in her spasming asshole so that none of your precious cum can escape.} You gasp for breath as your cum starts to flood her insides, filling her up. {if large amount of cum: Your impressive output manages to leave her looking almost pregnant by the time you finish.}

Else: slowly sinks her dick into your pussy. You scratch her ear as she thrusts her canine length inside your [pc.pussy]. You reach down to rub your clit as her uninflated knot pushes against the lips of your pussy. Biting your lip you manage to stifle a moan as her tapered tip presses against your sweet spot. The occasional soft bump of her knot is nice but not enough, so you wrap your legs around her hips and pull her closer, making her push her knot into your [pc.pussy]. Her knot borders on the edge of being inside you but you don't let her knot you yet.

"Let me show you how it's done," you whisper before flipping her onto her back and sitting on her dick. You clench tightly and start bouncing on her dick, using her like a cheap sex toy. Erika grabs onto your hips, clinging on with all she can muster. From the throbbing of her dick and her swollen knot, you can tell that she's trying her damndest to please you and not cum just yet. But as hard as she tries you can tell that she's not going to last long enough. You decide to give her a break as you bend to whisper into her ear. "Cum for me." Your permission is all she needs, she thrusts upwards as cum shoots from the tip of her cock. You bite your lip as you force her deliciously thick knot into your pussy, locking her inside. With her knot stuck inside you her cum has nowhere to go but inside you. You reach down to rub your [pc.belly] as you feel her cum filling your {if not pregnant: womb //Else: pussy}.

Not giving Erika a break you tug at her knot, trying to pull it out of your pussy. With a sharp tug, her knot pops out of your pussy like a cork from a bottle. Her cum oozes freely from your still gaping cunt until you sit down on her face. "You're not worthy of marking me like this!" you growl at her, "Clean it up."

She starts to lick your pussy, eagerly eating you out and swallowing her own cum. You start feeling your orgasm approach as Erika keeps licking you out. You pinch your [pc.nipples] while your [pc.thighs] squeeze around her head as your [pc.girlCum] soaks her face.

Lifting your pussy from Erika's face you inspect her work, your pussy is spotless with no speck of cum in sight. You reach down to pet her ear while murmuring, "Well done my disciple." She shivers as you pet her and her dick squirts a bit of cum.}

"You've pleased a {god/goddess}, you should be proud, my disciple," you whisper. You chuckle as Erika starts to purr at your words. "Alright, that's enough, witenagemot." you laugh loudly as her purring tickles you.

"I already thought you were a sex god. You don't need to hypnotize me for that." Erika moans while rubbing herself.

You scruffle her hair before sending her on her way.
