[CCMES](#)

Hello CCMES family,  
Spring has finally Sprung! The sun keeps peeking out and it's time for some robotics at CCMES!  
Meneley Mountain Lions are STEMtastic!!!!  
- Mrs. Michalik

## My Passions & Happenings:

## What is STEM education?

STEM education is the intentional integration of science, technology, engineering, and mathematics, and their associated practices to create a student-centered learning environment in which students investigate and engineer solutions to problems, and construct evidence-based explanations of real-world phenomena with a focus on a student's social, emotional, physical, and academic needs through shared contributions of schools, families, and community partners.
