

Scripture Passage: _____ Date: _____

What Is God Saying? (Identify the main point OR summarize the passage in 1-2 sentences.)

Who Is God? (What is He like? Describe His nature, character, attributes, discovered in this passage.)

What Has God Done? (What does He do in this passage? How does this action/promise point to or flow from Jesus' life, death, resurrection?)

Who Am I? Who are we? (Based on Who God is and what He has done, who am I in light of these truths? What does the passage imply or directly say about my identity? Also consider your identity in light of being the church asking, "who are we?")

What Will I/We Do? (In light of the truths discovered from the previous questions, what action is the Holy Spirit leading me to take? If you believe everything discovered about who God is, what He's done and who you are, what might your resulting "fruit" be? Are the "fruits" of your life consistent with that? If not, how does the Holy Spirit want to lead you to repentance, faith and obedience?)
