- ★ I have the right to turn down any commission I don't think I can complete.

REVISIONS

- ★ I send clean sketches for confirmation before I begin lining.
- ★ Let me know if you want to check on lines, flats and/or shading before I continue.

Adopts/Designs

Adopts and designs

- ★ Please credit me for the design when posting anywhere! When posting on Toyhou.se, my username is Ink-palette!
- ★ Trading, gifting and resales are all OK as long as it's not sold for more than it was bought for.
 - IMPORTANT NOTE: This doesn't apply if the design is under a closed species, check the species rules in terms of reselling.
- ★ I am okay with the original design image to be edited/drawn over. Please still credit me for the original image if posted.
- ★ Please do not completely duplicate my designs. Creating another design that resembles it is okay as long as it's not basically the same design, but it's appreciated if you run it through me.
- ★ If the design is part of a closed species, editing must abide by the species rules. If the design is not under any closed species, you are free to edit as you please. No matter how edited the design is, I still require to be credited for the original design.
