

# Grade 10 Digital Citizenship

- In order to view these resources, teachers need to CREATE an account with Common Sense Education [www.commonsense.org/education/](http://www.commonsense.org/education/). They do not send a lot of email and offer amazing resources. It's well worth the effort!

Topic	Common Sense Media - BrainPop Links	Brief description
Media Balance and Well-Being	<a href="#">Social Media and How You Feel</a>	How can you use social media in a way that feels positive and healthy?
Privacy and Security	<a href="#">Risk Check for New Tech</a>	What privacy risks do new technologies present, and how do we decide if they're worth it?
Digital Footprint and Identity	<a href="#">Curated Lives</a>	How can I create a social media presence that represents the real me?
Relationships and Communication	<a href="#">Rewarding Relationships</a>	How can I make sure my relationships are positive and healthy?
Cyberbullying, Digital Drama, and Hate Speech	<a href="#">Countering Hate Speech Online</a>	How can we counter online hate speech and xenophobia?
News and Media Literacy	<a href="#">Challenging Confirmation Bias</a>	How can we challenge our own confirmation bias?
