I don't know much about myself. Therefore, this document is constantly up to change as I come to the realization of *who* I am. Right now, all I know is that I am a **Devoided Stargazer**. My mind is unstable with statements I cannot understand. I wish to be there for the people that surround me, so if you want to cry, use my heart.

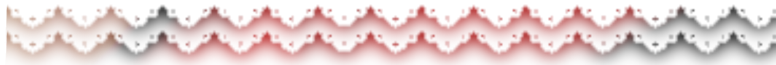

With the sins I bash against the heads of those I despise, my heart trembles and pumps harshly as the tears prompts me to be unable to muster a word of pleading forgiveness. I don't wanna lose anymore that I love, but *oh* how who I was begs to differ. Each day, I cry and hold onto the identity of a **Devoided Stargazer**, of my name as the **Bard**, but a single event caused the efforts I put into my good will to leave the grasp of my tight fingers. Why must I be so weak?

Mom, I'm sorry.

I'm not as strong of a person I wanted to be, to be capable of holding onto the morals I *choose* to abide, when all I wish is to enact chaos and discord to the people I cannot find the patience to face. The sands of the hourglass falling into a mystifying mountain of whirling beverages, the bullets of my gun pouring as I hope to find a way out of this cruel reality, never finding a path to settle.

In regards to the characters I typically port, here is some info on them. My personality is *oddly* influenced by the different characters I port, so just have a heads up on that. I'll leave notes concerning my personality that I have managed to take notice of.

The order of the ports will be based more on how often I have utilized them and how long I have been able to do so. (You can definitely tell whose banner I like most.)

Vash the Stampede (Japanese: ヴァッシュ・ザ・スタンピード, Hepburn: Vasshu za Sutanpīdo) is the protagonist of *Trigun*, a manga series created by Yasuhiro Nightow in 1995. Set on the planet No Man's Land, Vash is the most feared outlaw who has earned a bounty of \$\$60 billion ("double dollar") on his head and the nickname "The Humanoid Typhoon" (人間台風) after accidentally destroying a city with his supernatural powers. He is a skilled gunman who battles bounty hunters and assassins working for his twin brother, Millions Knives. Despite his reputation, Vash displays a kindhearted personality by befriendng citizens and refusing to murder his enemies.

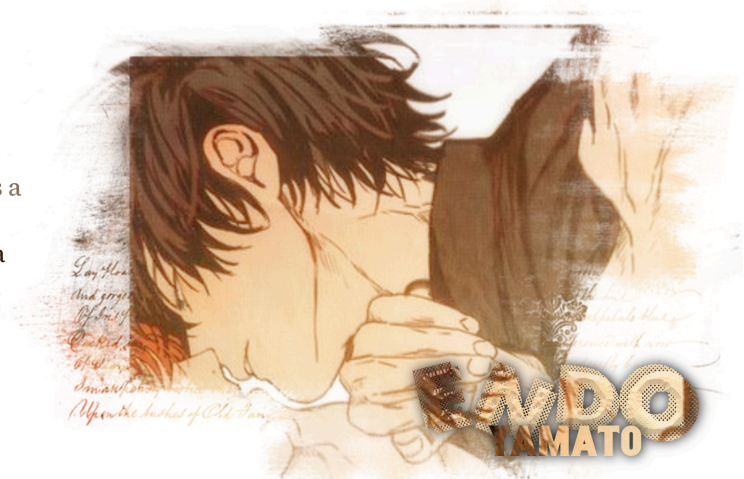

I feel down more often but can act silly easier. ✧
I'll have a higher guilty conscience. ✧
Definitely my favourite character to port. ✧

Kim Dokja is the main protagonist of *Omniscient Reader's Viewpoint*. He is the sole reader of the webnovel *Three Ways to Survive in a Ruined World*, an apocalyptic fantasy story written by t1s123 who read it through the end.

- ✧ The times I ported him were usually on a whim, but I could tell that I was more motivated and passionate during those times.
- ✧ I was capable of writing passages and studying harder compared to any time I have attempted to study.

Yamato Endo (桜堂 哉真斗, Endō Yamato?) is a major antagonist of Wind Breaker and the overarching antagonist in the Roppo-Ichiza Arc. He left Furin alongside Chika Takiishi.

I didn't port him *that* long, but I did feel similarly motivated with ✧
my studies and my passion for my hobbies when I ported Dokja.
I would definitely be more fierce, silly, and friendly. ✧

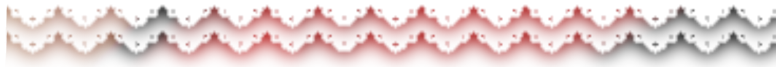

Chika Takiishi (焚石 矢, Takiishi Chika?) is the main antagonist of Wind Breaker and a major antagonist in The Great Fires of Extinction Arc alongside Yamato Endo. He was the strongest fighter at Furin before leaving with Noroshi.

✧ Note to self: Do **not** port him. I beg of you.

✧ I got more rude, bored, and fierce when it comes to my words. I had little disregard of the consequences of my actions, and ended up destroying what I have worked for months.
