Virtual Classrooms and Video Assignments by Bongo in D2L Brightspace

You can use the Virtual Classrooms by Bongo integration to create a virtual classroom session or set up video meetings with learners. You can choose to save your sessions and post them within Brightspace as a resource. You can also use Video Assignments to create video assignments, allowing learners to respond to course materials, or do presentations remotely.

Depending on your organization, you might have access to Virtual Classrooms, Video Assignments, or both.

For more information about Bongo, see the Bongo knowledge base.
