

### Enrollment Eligibility

Enrollment for D-E 360° Summer programs is open to all school-age children. The D-E 360° Summer Kaleidoscope of programs provide a variety of opportunities for students grades Pre-K through Grade 12 from public, parochial, home and independent schools. A combination of introductory, enrichment, and advancement courses in a number of academic disciplines, the arts, and athletics, allows for diversity of study. The Summer faculty is composed of Dwight-Englewood School teachers and carefully selected educators/instructors from other schools and organizations. Small class sizes ensure opportunities for personal attention and the academic progress of each student. At D-E 360° Summer, part of the experience provided by the school is to set behavioral expectations clearly and to help students learn to follow these expectations.

### Camp Readiness Checklist/Guidelines:

- **Openness to New Experiences:** Do your child approach new activities with enthusiasm and a willingness to try things?
- **Social Skills:** Is your child comfortable interacting with peers and adults?
- **Self-Control and Responsibility:** Can your child follow rules and routines?
- **Emotional Maturity:** Can your child handle separation from parents and manage potential anxieties?
- **Physical Abilities:** Is your child able to participate in the activities offered at the camp?
- **Motivation and Interest:** Is your child genuinely interested in attending camp and participating in the activities?

### What you can expect from DE360° Summer Connections Camps and Classes

When your child attends a D-E 360° program at Dwight-Englewood School, you can expect a safe, caring, supportive, educational environment that fosters independence and a desire to learn in all participants. Knowing that all children need support to be successful, we do our best to accommodate all children who are interested in our programs.

*While we offer top-notch programs, we may not be the best program or have the right support in place for all children, especially those requiring special medical, behavioral, or social support. Please contact us with questions about whether D-E 360° Summer programs offer the right experience and support for your child. Email us at [de360info@d-e.org](mailto:de360info@d-e.org).*

### What DE360° Summer Connections Community expects from campers and students

We expect that all participants will demonstrate care, respect, and responsibility at all times while with us. We expect participants to exhibit self-control, to be nice to others, and to follow simple instructions. Disciplinary actions are seen as educational rather than simply punitive. In the event of inappropriate

actions by a participant at camp, a warning will be issued. If the action continues, the child will sit out of the ongoing activity and a parent/guardian will be notified. Fighting; swearing; disrespect to a director, faculty, staff member, or another child; abusive language; physical abuse; stealing, etc., are actions contrary to D-E 360° Summer behavior goals and will be looked upon as cause for termination with no refund of fees. All participants are expected to abide by the rules and regulations outlined in the current [Dwight-Englewood School Handbook](#).
