

Creating My Fliphunt!

<http://bit.ly/fliphuntguide>

1. Identify Standards and Objectives:

--

2. Choose Format:

Students do all tasks.	Points are assigned to tasks and students work toward a goal.	Tasks are differentiated by easy, medium, and hard. Students complete a specific number of each.

3. Create a document with tasks.

4. Add topic to grid.

5. Attach document to topic as a resource.

6. Add topic guests if “outside folks” will be completing the fliphunt.

7. Create a shareable link to the topic. (topic guests should get their own URL).

8. Let the fun begin!
