

Contribution to OAME/AOEM Award

The award for outstanding contribution to OAME/AOEM and Mathematics in Ontario recognizes an individual who has made a significant contribution to OAME/AOEM, but who is not necessarily an educator or a member of OAME/AOEM.

Award Nomination Process

1. As the nominator, provide a one page letter of recommendation explaining why you are nominating this individual. Note: the nominator must be an OAME/AOEM member to be able to make a nomination.
2. Provide up to three additional letters of support, of no more than two pages each. These supporting documents may be gathered from a variety of sources to reveal a full picture of the nominee. The support documents will provide precise information about the nominee's contributions as they relate primarily to this award. All documentation supporting a nomination should align to the OAME/AOEM Vision for mathematics teaching and learning. Support may come from a supervisor or administrator, parents of students, colleagues, former/current students, or other appropriate sources. The nominations will be assessed according to the criteria outlined below.
3. Include the nominee's Curriculum Vitae of up to five pages.
4. Complete Google Form and submit all required documentation to OAME Executive Directors at EDs@oame.on.ca by **January 31**.

Award for Outstanding Contribution to OAME/AOEM Criteria:

- contributed in a significant way to OAME/AOEM
- contributed, directly or indirectly, to the improvement of mathematics education in Ontario
