

Fire Drill

No need to run screaming out of your house! In this context, we are using the words “fire drill” figuratively rather than literally.

A virtual fire drill is when one of the school wide systems has some sort of error or outage

OR

Your internet and/or computer is not working.

What should you do?

If your internet is working:

1.) Let your teachers know as soon as possible that you are experiencing issues by sending them an email:

ablevins@heronacademysc.org **or** Text me: (864) 256-0931

2.) If you have access to the Canvas, login and complete any work assigned for that day. Then check for any **overdue** assignments.

3.) Review the feedback in your “grades” tab of Canvas. **Retake** any low scores and make up any missing assignments. (If Canvas is working.)

If your internet is not working:

Don't panic - everything is going to be fine.

1.) If your internet is down and you do not have access to your email through another device such as your cell phone, please try to call your teachers to let them know. You should leave a message since your teacher will likely be in class.

***My number is:
864-256-0931***

2.)  **Review** notes and lessons from earlier in the week

 Double-check that no assignments are **missing**

 Remember: Stay calm, stay safe, and stay in touch.

You are still expected to make progress during a virtual fire drill!
