Intro: **For the fall season of 2025-26**, We will not be having U8 players play at U9. We have found that the level of competition isn't helping the players developmentally.

For the 2025/26 season, those U8 (2018) players looking for more than a House League soccer experience will have the chance to play in U8+. U8+ players will play house league where they will train once a week with their house league teammates, parent coaches, and staff coach. They will also play a game on a Saturday morning. In addition to house league, they will have a second weekly session with a BYSA Staff coach; they will be able to attend BYSA Technical sessions on a Friday and then play an extra U8+ game on a Sunday in town.

**U8+(This is 2018 players only with additional training- they are not playing with older players.)**

### ALL PRACTICES ARE AT BARRINGTON MIDDLE SCHOOL
