

!!DISCLAIMER!!

Art is a LUXURY, my prices cannot be debated, nor will they be reduced. Please respect my Terms Of Service below.

TERMS OF SERVICE!!! T.O.S:

- Once you receive your artwork you may NOT claim to have drawn the piece yourself, or discredit me in any way, shape, or form. If I find out or am alerted that you are claiming the art was made by you or you are not crediting me properly (once on each platform is enough,) you of course may keep the art, as you paid for it, but will be blacklisted and put on the "do not gift list" as well as given a small beware on all of my social media sites.
- Do NOT use another persons character for a commission piece if they have not given you consent. If it is a gift I will need some sort of proof you know this person and are friends with them, without that I cannot be sure if you are telling the truth or not. People are sneaky now a days.
- If you are blacklisted and I find out you are are sending people to commission me for you, you will be reported and a full fledged beware will be made.
- If you pay for an ADOPT you must credit me for the original art and design, After that do as you please with it, just do not claim to have created the adopt.

This T.O.S may be updated in the future, but for now, please abide by it, and we'll be peachy!! Thank you for taking the time to read this. :>
