

Instructions:

Hi everybody!

Starting this week, I will be available to have conversations with you all on Zoom Meetings. We can talk for ten minutes about whatever you want, to help you practice your English speaking skills.

Here's how it will work: prepare at least five questions to ask me during our conversation. You should write them down so you can remember. Try practicing with a family member, or even with yourself in the mirror, so you can get comfortable speaking in English again. Each weekday this month there are times available for you to sign up (except Fridays and 4/23 which will be a special World Book Day reading). I've attached a link to the sign-up sheet below. You will see the date at the top, the times on the left, and an A and B box for each date/time. The A and B are for you (student A and student B). You can talk to me alone or with another student. If you want to talk with another student, one of you sign up under A and one of you sign up under B. To sign up:

1. Write your name in the A or B box that corresponds with the date and time you want.
2. Send me an email to let me know you wrote your name and I'll write you back with the link for our meeting. My email is: HostosChronicle@gmail.com. I hope to talk to you all soon!
