

Ordinances Ready

An easy, simple, personal and spiritual experience.

Account specific- i.e. you can only get ordinances for the gender of which you have signed in.

Each person is encouraged to use their own account to reserve ordinances for themselves.

Limited in number of ordinances- usually the number that can easily be completed in one temple visit. Not designed to be an ordinance gathering app.

Limited in time frame- only 90 days to complete the ordinances if coming from another's shared temple list.
