

To get the most recent app XML go to <https://google-drive-lti-iad-prod.instructure.com/config.xml>

To disable the Course Navigation Placement, add the line highlighted to the XML then use the ["Paste XML"](#) method to add the Google LTI app to your account.

NOTE: Homework Submission Tab has been removed from this XML code below. This makes it so the Google Drive Submissions Tab does not display for students and prevents them from getting all the errors.
