Vacation speech

Czech Republic

## Bizarre Beauty

1. Purpose Statement: The purposes of my speech are to inform my English 10 speech class about traveling in Prague and the surrounding countryside and to persuade them that they would enjoy a vacation in the Czech Republic.

2. Introduction: (Example) When most people think of a trip to the Czech Republic, they think only of beautiful architecture. But even those tourists who have slated a short seven days in the beautiful city of Prague will find a number of incongruities in a place whose beauty has often been obscured by ...beastly reality.

And those who travel to the regions beyond Prague in the Czech Republic may find even more disturbing details among the beautiful poppy fields and curving roads. Join me in exploring the rich history of a beautiful place that also contains tales of bones, more bones, betrayal, and bizarrrity.

3. Outline:

I. Intro – (See above.)

II. Day 1 - Prague

A. Dancing house

B. Paratrooper church

IV. Day 2 - Kutna Hora

V. Day 3 - Podebrady

VI. Conclusion

(You write a conclusion that will mirror the intro and create a sense of finality.)
