

Jugendherberge Projekt-Ideen

There is a link at kandah.org that allows you to find youth hostels all over Germany. You will find one or more and do a project surrounding one or more of these youth hostels.

Projekt-Idee #1

With a partner create a 3-4 minute long radio broadcast excerpt where the moderator interviews the Herbergsvater or Herbergsmutter about the youth hostel they run. Consider it an advertising interview. Include answers to questions like:

Wie heißt Ihre Jugendherberge?

Wo liegt sie?

Ist sie modern, alt, neu renoviert, auf dem Land, in der Stadtmitte? Was?

Was gibt es da zu tun? Was kann man da alles machen?

Was gibt es in der Umgebung zu sehen?

Wie viel kostet eine Übernachtung?

Gibt es jetzt Sonderangebote?

Your radio broadcast excerpt should also include a musical introduction, an identifying station name, a short weather report, and then the introduction of your guest. At the end of the interview, be sure to thank your guest and give one last recommendation to spend a night or two at the Jugendherberge!

Post your radio broadcast excerpt at youtube, or elsewhere on the web so we can all hear it easily in class.

Projekt-Idee #2

Same as above, but a more virtual tour of the Jugendherberge, whereby you and a partner stand in front of the projector and do an interview about the Jugendherberge, with pictures, maps, textual information of the Youth hostel playing as a slide show behind you.

Consider it a tv station, local news interview of a beloved, local Jugendherberge trying to drum up some business.

Projekt-Idee #3

On your own, choose two youth hostels and create two different advertising posters of the youth hostel that includes pictures, maps and vital information of the youth hostels you choose. Use a medium-sized piece of construction paper, available in our classroom.
