

# UI-Con Cosplay Contest Rules 2024

## Introduction

Hello UI-Con Attendees! Below are our policies and guidelines that you must follow. These are specific to UI-Con, so please read them carefully.

We will keep the cosplay contest registration open until all our slots are filled but we will reserve a small number of walk-on slots for those who register the day of the convention.

Our categories consist of:

*Construction*: Graded on costume construction - must make at least 60% of your costume to apply for this category.

*Performance*: Graded on the way you present your cosplay, either through your walk and presence on stage or through performance.

## Cosplay Contest Registration Requirements

- You must first register as a con attendee before registering for the cosplay contest. If you do not do so, your application will not be considered.
- Group entries are allowed but are limited to 5 people per entry.
- Each cosplayer may only enter one category.
- You must follow the guidelines sent out for the dress rehearsal, which will be sent after applications close.
- You must follow UI-Con's Prop & Costume policy: [Prop & Costume Policy](#)

Please remember that if your costume or prop causes mobility issues, you must have a handler for support.

If you have any questions, please view our FAQ or contact con staff at this email [ui.con.questions@gmail.com](mailto:ui.con.questions@gmail.com) at the earliest opportunity.

**Thank you for reading our Cosplay Costume Rules, and we will see you all at UI-Con in March 2024!**
