Emergency Rental Assistance

The pandemic put millions of households across the nation in jeopardy of losing their homes. Low-income renters, including millions of essential workers, were hit the hardest.

In 2021, states began administering Emergency Rental Assistance programs with federal funds through the U.S. Department of the Treasury as authorized by the Consolidated Appropriations Act of 2021 (ERA 1: \$25 billion) and the American Rescue Plan Act (ERA 2: \$21.66 billion).

The ERA 1 program concluded on September 30, 2022. ERA 2 runs until September 30, 2025. Many states have exhausted their grant amounts under both ERA programs and closed their programs to new applicants. Other states will continue to operate with ERA 2 funding until those funds are depleted or through to the program's sunset date. Click on your state to learn more.
