Title: Math Leadership Network
Audience(s): District Administrators, Site Administrator, Other Instructional Leaders, Teachers (general education and special education)
Grade Level(s): TK-16

Overview:
Empower, strategize, and guide educators in Kern County to instigate a transformative shift in classroom methodologies, cultivating heightened student confidence and success in mathematics. Partake in a dynamic and collaborative Math Leadership network, where educators actively share and contribute best practices, fostering an enriched teaching and learning experience. This collective effort extends beyond the network's boundaries, creating a powerful networking environment where educators learn and grow together.

This network is consistently updated and informed by state-level initiatives, frameworks, and policies, ensuring alignment with the latest educational standards. The Math Leadership Network aims to foster a love for learning and create a countywide approach to excellence in mathematics education.
