

Curriculum Network 2023-2024

This year, the curriculum network will be a little different than it has been in the past. We will have (4) face to face meetings this year where we will participate in the state curriculum network together, followed by the GPAEA curriculum network time. Curriculum directors/leads will be able to participate in these face-to-face meetings at either the Burlington or the Ottumwa AEA in the 21C room. It is important to me that curriculum directors/leads guide our topics of conversation since this is their network. I want to make sure that our face to face times together are not only worthy of their time but it is equally important to me that they guide the direction we go for agenda items and conversation.

Another change for this year is that we will not meet after the state curriculum network meeting on the days we are not meeting face-to-face. Instead, I will send out any important information to curriculum directors/leads along with the state curriculum network meeting agenda. You can access all of the Curriculum Network meeting dates and agenda here: [Statewide Curriculum Network Agenda](#)
