How to self-select a breakout room

Note: Participants not joined with the desktop or mobile app will not be able to self-select a breakout room. The host will need to facilitate moving these participants manually.

Android | iOS

If the host has allowed participants to self-select and join breakout rooms of their choosing, participants will be able to view and select from a list of breakout rooms the host has created. They will be able to enter and leave breakout rooms freely.

1. Tap **Breakout Rooms** on the top-left side of the meeting controls.
   This will display the list of open breakout rooms created by the host.
2. Tap the Breakout Room you wish to participant in and then tap **Join**.
3. Repeat as necessary to join other breakout rooms, or click **Leave Room** to return to the main session.

Windows | macOS | Linux

If the host has allowed participants to self-select and join breakout rooms of their choosing, participants will be able to view and select from a list of breakout rooms the host has created. They will be able to enter and leave breakout rooms freely.

Note: Participants not joined with the desktop or mobile app will not be able to self-select a breakout room. The host will need to facilitate moving these participants manually.

1. Click **Breakout Rooms** in your meeting controls.
   This will display the list of open breakout rooms created by the host.
2. (Optional) Click **Expand All** to expand all available rooms and see which participants are in that particular room.
3. Hover your pointer over the number to the right of breakout room you wish to join, click **Join**, then confirm by clicking **Join**.
4. Repeat as necessary to join other breakout rooms, or click **Leave Room** to return to the main session.
