

Summer Newsletter 6.03.2026

Dear Colorado Movement Lab Dancers, Friends, and fellow Movers,

Summer has a particular kind of energy at *The Lab* — something between restlessness and joy, between seeking and arriving. We feel it too, and we've built the summer worthy of it.

From drop-in classes, week-long structured programs and live performances, there's something unfolding here all summer long. Whatever brings you through our doors, we're glad you're here — and we're just getting started.

Come move with us.

New Paradigm Dance Theater Company Summer Training Requirements for the 2026-2027 Season

[NPDT Summer Training Requirements](#) - please click here for detailed information.

Calling all company dancers — new, returning, and curious!

Are you ready to take your dance journey to the next level? This fall, NPDT invites dancers ages 8 and up — from D/E/F/G/H levels to Adult and EMPOWER dancers — to be a part of something bold, creative, and transformative.

Whether you're coming back for another season or stepping into the company world for the first time, there's a place for you. CML is home to FOUR incredible NPDT Companies — YoCo, AdCo, EMPOWER, and our brand new addition, Minis! — and we can't wait to see who steps up this year.

Our companies aren't just training programs — they are a launchpad for real artistic growth. You'll deepen your technique, expand your artistry, and become part of a vibrant, collaborative community of dancers. Expect to learn, rehearse, and perform ballet, contemporary, and modern works choreographed by our co-artistic directors, Chris Harris and Julia Wilkinson Manley, alongside exciting guest artists.

Auditions are **August 1**, which means summer is your runway. Get into the studio, take your required minimum classes, and arrive ready to shine. The season runs **August 10, 2026 – May 30, 2027** (*subject to change based on theater availability*).

Your spot is waiting. Your best season yet starts this summer!

Help Us Keep CML Thriving! Refer a Friend. Leave a Review. Make a Difference.

CML is thriving and growing — and that's because of *you*. **Keeping CML strong takes all of us**, and there are a few easy, meaningful ways to show your support:

Refer a Friend — Know someone who should be dancing with us? Send them our way! New students (ages 3–adult) receive three free trial lessons. Share the [CML SP link](#) for them to create an account, and you'll earn a **\$40 credit** for every student who enrolls. Everyone wins.

Leave Us a 5-Star Review — A few kind words go a long way. If CML has made a difference in your life or your dancer's life, please consider leaving us a [5-star Google Review](#). It means the world to us and helps new families find their way to our community.

Use your social network to help spread the word! You know how it goes... like/comment/share/tag CML or NPDT on all your socials and help everyone see our inspiring posts (made by the great Kerry Healy).

Thank you for being part of what makes this place special. Spread the word — and let's grow together!

Adult Ballet for the Novice (Beginning Level) - New!

Ready to take your ballet further? This class is the perfect next step for dancers moving beyond Basic

Ballet Lab, offering more challenging skills and combinations to build on your foundation. Think of it as the bridge between Basic and Beg/Int/Adv Adult Ballet Lab — you asked for it, and we delivered! Tuesdays, 6-7:30pm with [Carly Hambridge](#).

Marnie's Out of Office This Summer — The Rundiks/Wheeler Family in Europe

Marnie is off on another adventure this summer. Her son Bergen is graduating from the European School of Ballet with a culminating performance in Amsterdam, then launching a bold new chapter as a professional dancer in Ostrava, Czech Republic. Her daughter Inara is performing principal roles as the Staatsballett Berlin closes its season, and will appear as a guest artist at the Origen Festival Cultural in Riom, Switzerland — set against a UNESCO World Heritage site.

Marnie will be reachable by email while she's away, and we have a wonderful alumna, Eliza Fogdall, who will be helping us on-site while she's home for the summer, keeping the Lab running smoothly!

With deep gratitude and affection,

~ Team CML
