

FOR IMMEDIATE RELEASE

Sierra-at-Tahoe to Host CNISSF High School State Championships March 2-6, 2025

SOUTH LAKE TAHOE, Calif. (Feb. 6, 2025) — Sierra-at-Tahoe will host the CNISSF (California Nevada Interscholastic Ski and Snowboard Federation) High School Championships March 2-6, 2025, bringing together the region's top high school skiers and snowboarders for the final competition of the season. This marks a historic return, as the last time Sierra-at-Tahoe hosted the prestigious event was in 1950.

The event will feature top high school athletes from across California and Nevada, competing in alpine ski and snowboard disciplines. Spectators are encouraged to attend and cheer on the athletes as they take on Sierra-at-Tahoe's renowned terrain.

"We are honored to welcome the next generation of competitive high school ski and snowboard athletes to Sierra-at-Tahoe," says *Dan Healy, General Manager, Sierra-at-Tahoe*. "Hosting the state championships after almost 75 years is a testament to our resort's dedication to fostering young talent and celebrating the spirit of competition."

The CNISSF will feature over 300 male and female Skiers and Snowboarders racing in both Giant Slalom and Slalom. The high school racers who qualify from six divisions across both states will compete for individual and team recognition. Sierra will welcome defending championship high school teams including Mammoth H.S. the 2024 SKI champions, North Tahoe H.S. the defending 2024 Snowboard champions, and, local favorite, El Dorado H.S. the three-time Ski & Snowboard combined champions.

"Sierra-at-Tahoe has rolled out the red carpet to support student athletes from the CNISSF," Coach Volek, CNISSF Commissioner, commented.

"For so many of these athletes, Sierra-at-Tahoe is more than just a competition venue—it's their home mountain," added Joe Volek, CNISSF Commissioner & South 1 Division Coordinator. "Having the chance to compete in their own backyard, on familiar terrain, makes this event even more special and a truly fun full circle moment for everyone involved."

The CNISSF is dedicated to providing a top-notch alpine experience, fostering leadership, encouragement, and support for student-athletes. The return of the championships to Sierra-at-Tahoe is particularly exciting as many of the competing athletes call Sierra their home mountain and look to take home the gold this winter.

Event Schedule:

Information on event schedule, registration and lodging discounts can be found at sierraattahoe.com/2025championship and <https://sites.google.com/view/cnissf/cnissf-championship-info>.

Support the Cause with Official CNISSF Championships Apparel

Show your support for the student-athletes and commemorate this special event with official CNISSF Championships 2025 merchandise. A portion of the proceeds will go toward supporting the athletes and ensuring the continued success of high school ski and snowboard programs.
