Motion to Support the [Call to Action for Divestment and Democratisation](#)

Moved by: Senator Baron
Seconded by: President Javed
Dated: March 13, 2023

Whereas, the United Nations has identified Climate Change as the greatest threat to humanity.

Whereas, McGill's goal of carbon neutrality by 2040 does not respect the 2025 peak emissions levels of the IPCC report.

Whereas, health care students, professionals and staff have called on McGill to be transparent and immediately divest from its \$1.7 Billion endowment from the top 200 fossil fuel companies.

Whereas, the political climate at McGill has opened the door for fossil fuel divestment at the level of the Board of Governors.

Be it resolved, the AUS Legislative Council formally supports and endorses [the Call to Action for Divestment and Democratisation](#).
