

# Core Training Portfolio Project

## Introduction

Participants in their 3rd month will create a 'Portfolio' that showcases their journey through CTP. The portfolio will be shared during our End of Month Core Celebration on the last Thursday of the month. The portfolio will be a Google Slides presentation that will be narrated by the participant and recorded by staff before the event. During the event, staff will play the recording and you can sit back and enjoy your work.

## Instructions

Open the blank portfolio template and create a copy of it. Rename the copy with your name and share it with [pro@ctpberk.org](mailto:pro@ctpberk.org).

1. Ask the Instructor for the template. (**You should only focus on this assignment if you are in your third month of core training**)
2. First focus on filling out all the information in slides 1-6
3. Then you will need to take a screenshot of your LinkedIn profile
4. Use Indeed to find a job listing relevant to your vocational goal
5. Write a 30-second elevator pitch for slide 9

## Additional Info

- Once you finish filling out the main content of the presentation you can start thinking about the layout and design of the slideshow. Try to have fun, add color and graphics. Make sure it is still easy to read though.
- Prior to the event staff will work with you in a breakout room and record you narrating your slides. The recording will be just of your voice and the visuals from the slideshow.
