Discussion Items (3:45-4:40)

- ILO 3 [Report](#) and [slides](#) (Janey Skinner): Janey presented an ILO 3 slideshow and facilitated discussion about ILO 3 mapping, the challenges of mapping, and how outcomes language revisions might strengthen mapping
- The [new ENVS prefix](#) (Katryn Wiese) and de-cross-listing the 31's: Katryn presented the reasons for creating the new prefix and explained the interdepartmental collaboration enabling that change. The CC **approved** of that change to be made in Banner and CurriQunet and looks forward to the de-cross-listing of SUST/GEOG/BIO 31.
- [Cross-listed courses](#) (general discussion): The CC continued to discuss the unnecessary complexities of cross-listing. Students on the CC commented on how cross-listing has been problematic for them. There was also talk of scheduling and budgeting problems resulting from cross-listing. The CC will be looking into ways to address issues resulting from cross-listed courses.
- Clarifying that previously approved PLS 13 and ENGL 55 are reactivations **APPROVED**
- New CSU Area F, [Ethnic Studies](#): The CC touched on how this could impact GE Area H1 and the possibility that H1 could become its own area (Area I) to parallel CSU's new Area F. Good timing with the Area H assessment. It would not be surprising if UC follows suit.
- [Squads](#): volunteers are very much needed
- 4:40 ADJOURN
