

Installasjon av printer Windows

Her kommer en forklaring på hvordan installere drivere på din Mac.

Ta deg en kopp kaffe før du setter deg ned og les hvert steg FØR du gjennomfører det som står der. Pust rolig og ta den tiden det trenger ;)

Vi kan forsøke å hjelpe deg om det ikke går, men i og med at det finnes hundre forskjellige operativsystem og lignende er det ikke sikkert vi har kunnskapen til å hjelpe nettopp deg.

Sørg for å være tilkoblet rett nettverk: FLOW, IKKE Flow Guest eller FLOW-5

OBS!

Selv om alt er satt opp på printeren, er det ett steg igjen. For å få til det siste steget trenger du hjelp av Andreas som kan hjelpe deg med å koble brikken din opp mot din konto. For fremover vil du kun få utskriftene dine når du kommer til printeren og legger brikken på maskinen. Dette av GDPR-hensyn.
