(2) At a school festival when I was in high school, my homeroom class made a maze and haunted house, and sold ice cream :) Preparing (for, in, to) a maze, I (carried, carry, carrying) many materials for the maze from the dump of a supermarket. At the haunted house, I was (dressed, dressing) up as a ghost and surprised visitors. I thought I was fit for the job, because I was able to surprise many visitors lol. Selling the ice cream, my job was (in, of, to) advertise our ice cream at my school. The Ice cream was sold out quickly and we gained a lot! Our ice cream stand received positive reviews and (win, won) a school award:) I still remember this well, because I (had, was, enjoyed) a great time :)

(3) I'll write about my high school festival. The school festival (holds, is held) in May or June. Students open booths, and (a, the) student council holds some events. (4) Our high school festival is held in September every year. It (last, lasts) two days. The festival itself was not very (interested, interesting) to me. However, the festival (is, was) interesting compared to the classes. My class (sell, has sold, sold) ice cream. It was sold out (immediate, immediately). The time with friends at a school festival was special!
