10d 8h 28m	We failed to catch SUICUNE after an hour+ of lobbing ~65 pokeballs of varying sorts [SOURCE] . Due to the waste of Suicune, we (the handful online at the time) decided to free up some room in BOX 1 to avoid saving. only low-level or duplicate pokemon were released. This was done as the temptation of getting the dogs seems to be pretty alluring :), but game progress should be able to continue while this is discussed.
10d 15h	Retrieved main party: BATSY, BBQ, MARMITE with Amulet, The Kraken with Exp. Share, Serin, and Dragonair with Metal Coat. Newcomer 'bloodskate' seems to know his stats. Was working through the Elite Four when Bob Bobson went to sleep. It should be noted that MOM is now receiving money again.

11d 6h 25m	Turned in badges to PROFESSOR OAK. We can now go to MT. SILVER when we're ready to do so. Be advised, RED's $P_K^M_N$ are seriously high leveled!
11d 9h 45m	We go to pester RED. We one-hit KO'd Pikachu with BBQ and managed to take down Espeon as well, but Snorlax will be a problem. Far more work is needed of course! In the mean time, we've beaten the Elite Four ~10 times now. We can now do it without revives or heals, and probably with no faints if done carefully.
13d 18h 52m	Elite Four was defeated again!
13d 19h 44m	RED beated us again. This time, we successfully one-hit KO'd his Level 81 Pikachu again, defeated Espeon with minimal loss, and suffered some loss defeating his Venusaur. Snorlax once again comes out to bring the real pain in the butt. [SOURCES: 12]
14d ~4h 00m	RED was defeated! [PROVIDE SOURCE]
