Our Current Focus**1. GlideScape**

A game-changing entertainment hub in San Marcos, featuring a state-of-the-art LED-lit skating floor. This project prioritizes community development, inclusivity, and tourism, all while boosting local education and sustainable growth.

2. ZenBox (San Antonio/Austin)

A wellness-centered urban development initiative that merges compact ZenPods for mindfulness and rest with communal amenities like fitness centers, dining areas, and affordable housing solutions.

3. ToolFinder App

A digital platform enabling resource-sharing and skill exchange, designed to streamline community collaboration and empower local entrepreneurs.

4. PopUp Plaza & Digital Permit System

A quick-launch marketplace model coupled with a user-friendly permitting process to invigorate local businesses and encourage vibrant community events.

5. Sustainable Stadium

An eco-friendly venue concept that showcases carbon-neutral technologies and renewable energy, providing a forward-looking model for sports and entertainment.

6. Music Union & Radio Reinvention

A platform reimagining traditional radio, offering fair opportunities for artists while fostering community-driven content creation and broadcast innovation.

About the Dreams Over Dollars Foundation

Operating under EIN 88-2187078, we are a Texas-based nonprofit collaborating with municipalities to bring transformative, research-based projects to life. Our approach—grounded in thorough market insights—emphasizes self-sufficiency and enduring benefits for local communities.

We invite you to explore our **MetroMorphosis Methodology** for more details on how we blend cutting-edge innovation with practical urban revitalization.
