parts must be in a 1920 x 1080 format

No watermarks, I'll be adding them when the finished map is released.

Provide google drives or send spaces once your part is complete.

Provide wips every week.

Your first wip must be handed in by the first week, it's mandatory so I know that you're active.

Absolutely NO nsfw or appropriate actions in ANY of my maps. This will lead to banning in all of my map calls, and servers.

Don't ask for parts in the server, you will never get one.

Ask me first before changing the script! And provide what you will be changing.

Don't get upset if you don't get a part either. Guilt tripping is strictly forbidden and will result in a kick from the server.

Please only apply if you're able to handle the part you want. I don't tolerate false applications that cannot take the job, your cxdewxrd is void.
