

The Likes Ain't Cash Community

Add \$20,000 to your monthly income without sacrificing the freedom you need to enjoy your money.

Over the next 12 months...

... We'll add (or fix) the 3 Keys Of Your Coaching Business so you can have more freedom and make more money:

1) Your Core Offer

Business is much less stressful when you know that your offer converts. It makes marketing much easier and shortens your sales cycle. This is why the first thing we'll do together is craft your high-ticket offer one-on-one and **quickly validate it with 3 new clients**.

Then on to step 2:

2) Hidden Leads

You're unstoppable when you combine the right offer with constant leads. The best part? These leads already follow you. You don't need to find them. It's much easier to set up systems for them to appear. With these systems we **cashflow your one core offer to at least \$20k**.

Then on to step 3:

3) Predictable Profits

We simplify and improve on your delivery so that your clients stay and pay you again. And again. This gives you the breathing room you need to actually enjoy your money.

We cashflow this to consistent extra \$20k months. Then we have a conversation on what you want to do next.

(An extra \$20k/month gives you access to exciting new options. See Week 24 below).

TIMELINE

Phase 1:

You will get crystal clear in a 1-1 call with JK on three things:

- Your offer and positioning
- Extracting the revenue that's been sitting in your account all along
- The long term vision of the business you'd like to build (with or without us)

We want you to have a cash-flowing, freedom business in the future.

But we also want you to have **clarity** and a **clear action plan** today.

This is week 1.

Phase 2:

You now have clarity on your path. But this time you're not alone.

You understand that you get

- Slack **access** to JK and the community (Several 6 and 7 figure entrepreneurs inside)
- Ask us whatever you want and get **custom** advice back. Whether on our optional calls or via the community if that's easier for you.
- All the **optional** calls are split up among timezones so that you can get help no matter where you are. The only needed call is the initial one with JK to get clear on **your offer and \$20k gameplan**.

Phase 3:

At this point you're in control of your time and a predictable system to get clients. And you'll have a choice:

Push to the next income level (we have clients from \$4k to \$200k/month).

Or take a step back and enjoy the freedom your cash-flowing business earned you.

Both are fine. **I want to help you so that you won't need me anymore.**
